The delay was occasioned by virtue of the fact that the memorandum in question was inadvertently placed by me in an inactive stack of mail. It should have been routed immediately to your office and to the Director's Office and I am sorry that this delay occurred. It was entirely my fault and I shall insure that such delays do not recur.

FROM : SAC, NEW YORK (67-1777) PERSONAL & CONFIDENTIAL
SUBJECT: MOVE OF NEW YORK OFFICE

As the Bureau is aware, the New York Office moved to its new quarters during the week beginning 6/4/56. This move was a tremendous undertaking, requiring extensive planning on the part of the supervisory personnel of the New York Office and exemplary performance by both Agents and clerical personnel.

While the move was essentially a team effort, nevertheless there were individual performances that should be called to your attention.

Responsibility for the coordination of all phases of the move was that of SA Mark J. Lawless, working directly under the supervision of ASAC MacLennan. It is noted that SA Lawless has already received an incentive award for his work in the planning of our new quarters. Quite apart from this I feel that the exemplary effort put forth by SA Lawless during the week of June 4th is a major factor in our being able to open shop at 201 East 69th Street at 8:30 A.M., 6/11/56 and it is recommended that he receive a letter of commendation.

Letter to Director
Re: MOVE OF NYO

In organizing the move, nine Special Agents were designated as floor supervisors, working under the direction of SA Lawless. Each of these floor supervisors was responsible for organizing the personnel necessary to supervise their phase of the move. It was necessary that they plot the location on the floor designated to be their responsibility of each specific item of furniture. They were responsible for insuring that the departure of each van load of furniture for their particular floor was properly loaded and accompanied by an armed guard. Upon the arrival of a particular van at 201 East 69th Street, it was the floor supervisor's responsibility to see to it that the furniture was placed exactly as planned. To do otherwise would have made for a chaotic condition. Each of these Agents performed their duties in exemplary fashion and it is believed that they are worthy of commendation. These Agents are identified below, together with their individual responsibilities.

✓ JAMES F. DONAHOE (6th floor - Criminal Division)
✓ JOHN J. DANAHY (7th floor - Espionage Division)
✓ RAYMOND F. MOHR (8th floor - Security Division including Library)
✓ [redacted] (9th floor - Security Division)
✓ ALBERT FRANZ (10th floor - Executive plus applicants and SGE)
✓ [redacted] (11th floor - CCO proper)
✓ [redacted] (12th floor - Closed Files)
✓ RAYMOND P. WIRTH (13th floor - Steno Pool)
✓ GEORGE R. BELIVEAU (14th floor - Supply Room, Translation Unit, Hygiene Unit, Classroom)

✓ Special mention should be made of Photographer [redacted] who coordinated the move of our Photographic Laboratory. [redacted] was in charge of this move from its inception and spent many hours conferring with GSA engineers and contractors of building owner, [redacted]. As you might imagine this involved the handling of numerous details to insure the proper arrangement of the space, location of electrical outlets, plumbing work, etc.

Letter to Director

Re: MOVE OF NYO

b6

The move of the Photographic Laboratory which took place on 6/4/56 was accomplished with such efficiency and dispatch that we were in partial operation on the afternoon of 6/5/56 and in full operation by Thursday, 6/7/56 with the exception of one large sink, the size of which necessitated same being cut and welded together again. It is recommended that [redacted] be the recipient of a letter of commendation.

In connection with the security of the building it was necessary to conduct a detailed survey of all of the various locks, on doors leading to our space. Supervisors [redacted] and David G. Jenkins volunteered to assume this responsibility and personally removed the locks installed by [redacted] and by GSA, personally changing the tumblers and personally cutting master keys and individual keys to insure that no outsider would have a key to our space. It is believed that both Special Agents [redacted] and Jenkins should be commended for their work in this regard.

b6

Another major undertaking was the moving of the Supply Room. The performance of [redacted] Store-keeping Clerk, in this regard is certainly worthy of commendation. As you are aware, [redacted] and all personnel assigned to the Supply Room take a tremendous amount of pride in keeping the supply room as neat and orderly as possible. The preparation of the supply room at 290 Broadway for moving and its receipt at 201 East 69th Street, together with the depositing of same in the proper bins, shelves, etc. involved tremendous effort on the part of [redacted], both physically and mentally. It is my recommendation that [redacted] be commended for his efforts in this regard.

b6

For the past several months, this office has had a project of reconditioning existing furniture. The immediate responsibility for this assignment was that of SA Mark J. Lawless. This project involved the selection of desks at 290 Broadway to be reconditioned by the Nu-Grain Corporation and their subsequent delivery to either 290 Broadway

Letter to Director
Re: MOVE OF NYO

or to 201 East 69th Street. On a daily basis it was necessary to select the furniture to be forwarded for re-conditioning, at the same time insuring against a loss of efficiency in our day to day operations. Assisting SA Lawless during this entire project was Clerk [redacted]. Despite his comparative inexperience in the Bureau, [redacted] did, in my opinion, an outstanding job and is definitely worthy of commendation.

b6

The move of our teletype machines was not without its attendant complications. Supervisory Telegraphic Typewriter Operator [redacted] took a proprietary interest in the move of the Teletype Unit, personally observing the various workmen engaged to hook in the machines and insisted on remaining with the job until same was completed. In so doing, [redacted] worked from 8:30 on the morning of 6/8/56 until approximately 10:00 A.M., Saturday, 6/9/56. It is believed that this devotion to duty on the part of [redacted] should be recognized by a letter of commendation.

b6

The planning of the move of the Technical Room and our radio stations was the specific responsibility of SA [redacted] working under the over-all supervision of Supervisor JAMES J. HILL. SA [redacted] work in this regard was such as to require an absolute minimum of supervision and is certainly worthy of commendation. In addition, SA [redacted] deserves a great deal of credit for the training of personnel assigned to the Security Patrol of the building during its construction stages and for his supervision of their activities. In addition, Bureau Radio Engineers [redacted] and [redacted] were assigned to New York to supervise the move and relocation of our three radio stations. Both [redacted] and [redacted] worked many long hours, including the entire weekend of 6/9-10 so that the shift of our radio facilities could be carried out with an absolute minimum of disruption. It is believed that their work is certainly deserving of commendation.

b6

Letter to Director
Re: MOVE OF NYO

It should be noted that during portions of the week of 6/4/56 dual operations were conducted at both 290 Broadway and at 201 East 69th Street. Coordination of this phase of our operation was the responsibility of Supervisor Eugene W. Walsh. It was his responsibility to insure that adequate personnel was available at both locations to man essential activities such as the switchboard, Agents' registers, Security Patrol, etc. It was necessary for SA Walsh to organize the messenger service between the two buildings to insure that important communications were brought to the attention of the proper personnel. It is believed that SA Walsh should be the recipient of a letter of commendation.

As stated at the outset, this move was essentially a team effort and I have restricted my specific comments to those whose performance was so outstanding as to warrant specific, individual commendation. There are many other personnel who worked long and hard hours to make this move a success. It is my additional recommendation that a general letter of commendation be forwarded to the NYO so that appropriate copies can be placed in the personnel files of the additional personnel above described.

In addition to the personnel mentioned in this letter, the NYO was most fortunate in having on the scene, Assistant Director John P. Mohr and Bureau Supervisor C. Q. Smith. Messrs. Mohr and Smith were of tremendous assistance to the NYO both prior and during the move in reviewing our plans, making suggestions and revisions, etc. During the move they were available for consultation and rendered immediate decisions so as not to interfere with the progress of the move. Their presence was extremely valuable in negotiations with GSA personnel and [redacted]

Re: MOVE OF NYO

Throughout the week of the move, [redacted]
[redacted], was most cooperative
and gave freely of his time in conferences with SA Lawless
and ASAC I. D. MacLennan. [redacted] I might add, has
maintained his high degree of enthusiasm in having the
FBI as his tenant and I thought you would like to know
that [redacted] personally sent to the Director's Office

Dear Mohr:

You did an outstanding job of handling your responsibilities during the recent Operation Alert, and I am writing to let you know how pleased I am.

I feel your obviously careful and thoughtful consideration of all aspects of the exercise under your supervision was a major factor in the Bureau's successful functioning. It is a pleasure to commend you.

In connection with Operation Alert, 1956, in addition to the clerks set forth in Attachment C to my memorandum to the Director dated July 24, 1956, I recommend that the following Agent personnel be commended, in view of their wholehearted participation in and valuable services rendered during the alert and in many cases prior thereto:

	J. E. McArdle

I have included Mr. McArdle's name even though he was censured in connection with an incident which happened prior to the start of the exercise. During the exercise, he carried a heavy burden, applied himself assiduously, gave attention to detail, and in every way assisted in bringing about a successful handling of a difficult problem. Therefore, I think he should be commended for his part in the exercise at Quantico.

The Liaison Supervisors performed an important function both before and during Operation Alert, 1956. They

AMERICAN BAR ASSOCIATION

An over-all memorandum summarizing the activities of the Section on Criminal Law and other matters that we kept in touch with is being prepared. This was the first experience which Messrs. Mohr, Dalbey and Hoxie had at such a convention. I have the following comments to make on each:

Mr. Mohr thoroughly briefed himself on the background. He had the names of the principals well in mind. He circulated with ease and in my opinion, handled himself in a very effective manner. His conversation with perfect strangers which he met for the first time was pointed and he was always pushing the Bureau, and I thought he got around surprisingly well.

Dwight Dalbey, in his quiet way, was most effective. I heard him in discussions with various delegates which were excellent. At one point, when a discussion arose on the McNabb decision and the Federal rule of criminal procedures requiring arraignment without "unnecessary delay," Dalbey was quite lucid on the point. His comments made an obvious impression as one of those in the group called him "Judge."

with
Herbert Hoxie is very enthusiastic and one of his friends who is now Chief Justice in the Michigan Supreme Court, he got around several of the Supreme Court Justices from other states. He met people with ease. He was not at all backward and his performance more than vindicated an observation that I made in a memorandum recommending his consideration in terms that he was "a comer" in the Bureau.

The activities at a Bar Association meeting are varied. The various sections hold their meetings. For example, on Monday, August 27, there were 39 distinct functions and meetings going on. I am attaching the schedule of events which will give you some idea.

The annual meeting of the Bar Association in 1957 will be a peculiar one. They are listing a meeting in New York from July 8 to the 17th,

which merely means that this will be a period of congregation in New York when the delegates will then sail on the Queen Mary on July 17 for London, England, where the real meeting will be held from July 24 to the 30. Obviously, it would not be possible to send 4 representatives to the Bar Association meeting in London, although in a separate memorandum I am dealing with this point in recommending that 2 representatives be designated.

The next meeting in the United States will be in 1958 in Los Angeles and while a lot can happen between now and then, if we are able to attend such a meeting, I would certainly recommend that Messrs. Mohr, Dalbey and Hoxie attend the meeting in Los Angeles in 1958. However, this is a decision we can come to when the time arises.

The annual convention of the American Bar Association (ABA) will be in Dallas, Texas, 8/27 to 8/31/56. The registration always starts on Sunday afternoon and evening. The Criminal Law Section, which is our primary interest, has the following sessions:

Monday p. m., 8/27/56 - Topic - Appraisal of the Federal Loyalty Security Procedures. Speakers - Dudley B. Bonsal, who is Chairman of the New York City Bar Association which put out the report; [redacted] of Boston, who wrote the pro-Hiss book. [redacted] was originally listed but he has now withdrawn. We don't know who the third speaker will be. I anticipate that there may be a need of keeping the record straight at this session which will be done.

Tuesday a. m., 8/28/56 - Topic - Treatment of the Convicted Offender - Rehabilitation. [redacted] has arranged to transport the entire session to the new Federal Correction Institution at Seagoville, Texas, which is about a 30-minute drive from Dallas. This should not be too important.

Tuesday p. m. session is the usual combined session held with the National Probation and Parole Association. Judge Laws will preside and speakers will be Judge Thomas Herlihy of Wilmington, Delaware, and [redacted] at Columbia University Law School. I doubt that too much will come up at this session pertaining to the Bureau although the possibility exists that [redacted] might inject something. If any situation arises requiring correction, it will be met.

Wednesday a. m., 8/29/56 - Topic - 'Are the Courts Handcuffing the Police?' The speakers are Chief of Police Carl Houston, Dallas, and J. Francis Coakley, District Attorney, Alameda County, California, and [redacted] Northwestern University. Also, Judge Dwight L. McCormack, Texas District

Criminal Court, former SAC. There will be no problems with [redacted] or [redacted] is connected with the American Bar Association survey and the specialist on prosecution in the [redacted] project.

Following the morning session, there will be the election of officers, section committee reports and related matters. In connection with the election of officers, Walter Armstrong, who is friendly, will be re-elected Chairman. The Secretary of the Section, Rufus King, will be re-elected. Plans during the past year have been to elect me as Assistant Secretary in place of Tracy and then in 1957, I would run for Secretary. Tracy will run for one of the openings on the Council which is a so-called Board of Directors. I don't relish the thought of being Assistant Secretary to Rufus King, however, as a matter of tactics it seems like this is the thing to do for a year and then ease King out. There is attached hereto the report on the Section of Criminal Law which is innocuous.

We should look at the ABA on a long-range basis and you will recall that with Tracy's retirement, it was necessary to make a reassignment and in 1954, Messrs. Harbo and Mohr were designated as the two to handle the matter. Mohr, of course, has never been able to go to one of the conventions. My judgment has always been that Mr. Mohr would do an excellent job and could be groomed for the job as the Bureau's representative. I think we might as well face reality, however, that it is difficult for too many of us to be out at any one time. We are thin on potential representatives to inject into the ABA. In this connection, I am attaching a list of Bureau personnel who are members of the ABA. I think we should start grooming some one now as an alternate we can eventually work into the ABA and I have two recommendations.

(1) Supervisor Dwight J. Dalbey, who is presently assigned to legal research in the Training and Inspection Division, has previously been assigned to the Crime Records Section. Dalbey is a member of the Bar. He has practiced law prior to coming into the Bureau. He is a scholarly type person who makes an excellent impression. While he can handle himself well on his feet, he would not be the rough and tumble type should a real controversy develop, however, I think he could handle himself adequately. His photograph and brief are attached.

(2) As an alternative, I would suggest Herbert E. Hoxie. Hoxie is presently assigned to the Crime Records Section. In my opinion he is a comer. He is a member of the Michigan Bar. He is now joining the ABA. Prior to coming into the Bureau, he was secretary to Michigan State Supreme

Court Justice E. R. Boyle who was exceedingly high in his praise of Hoxie when we investigated him for appointment as an agent. He has been in the Crime Records Section since February, 1955, his record has been excellent, he is above average in intelligence, in enthusiasm and he makes an exceedingly good appearance and he has a dogmatic determination that is refreshing. His photograph and brief are attached.

While I could handle the situation in Dallas, I do feel that we should use this as an opportunity to get someone broken in and my first recommendation would be the designation of Dalbey with Hoxie as an alternative.

I think Nichols should

be well for Mohr, Dalbey

then Nichols can see how
they function at Dallas

decision.*

REPORT OF SECTION OF CRIMINAL LAW

During 1955-56 the Section of Criminal Law has again carried on its activities principally through its various standing committees, namely, Crime Portrayal in Public Media, International Criminal Law, Juvenile Delinquency, Membership, Narcotics and Alcohol, Organized Crime, Police Training and Administration, Scope and Program, Sentencing, Probation and Parole, Taxation, Traffic and Magistrate Courts, Prosecution Procedure and Tactics, Defense Procedure and Tactics, and Lawyers and Organized Crime.

The three committees last named are new. The former committee on Procedure, Prosecution and Defense has been broken into two, in order to allow more concentration, by a separate unit, on problems relating to the practice of criminal law in its defense aspects, while the newly-appointed committee on Lawyers and Organized Crime is studying problems arising out of the relationship between members of the legal profession and so-called syndicate or organized crime activities.

Endorsement of H. R. 4930, H. R. 4932, and S. 1480 (Appellate Review of Sentences)

Two years ago Judge Simon Sobeloff, then Solicitor General, in an address before the Section of Criminal Law, proposed an amendment to the Federal Criminal Code to permit persons who have been sentenced in the federal courts to have their sentences reviewed by means of a special appeal procedure. Such appeals are permitted in a number of leading state jurisdictions, and have long been allowed in England. See, "Appellate Review of Sentences," 41 A. B. A. Journal 18.

The Section's Committee on Sentencing, Probation and Parole studied and approved this proposal, the Section concurred, and a draft bill was prepared which received bipartisan sponsorship in both Houses of Congress (S. 1480, by Senators Kefauver and Watkins, H. R. 4930 by Congressman Keating, and H. R. 4932 by Congressman Lane). These identical bills were the subject of a resolution of endorsement reported by the Section to the A. B. A. House of Delegates at the 1956 Midyear Meeting in Chicago and passed February 20, 1956.

63-383-97

ENCLOSURE

The resolution, besides approving the measures, authorized the Section to support them and advocate their passage by Congress, but none of the three was reported before the 84th Congress adjourned. Support will be given if identical bills are introduced again next year.

Other Federal Legislation

The Section also supported the following bills in Congress, pursuant to authority heretofore conferred by the House of Delegates: H. R. 316 (H. R. 7404, 83rd Cong.), to permit appeals from orders suppressing evidence in certain criminal cases; H. R. 320 (H. R. 7979, 83rd Cong.), to extend the provisions of the Federal Lottery Act; H. R. 733 (H. R. 7118, 83rd Cong.), to punish the use of interstate commerce in furtherance of conspiracies aimed at violating state laws; H. R. 789 (H. R. 7311, 83rd Cong.), to prohibit the transmission of certain gambling information in interstate commerce; H. R. 792 (H. R. 9456, 83rd Cong.), to prohibit the transportation of certain gambling devices in interstate commerce; and H. R. 789 (S. 1625, 82nd Cong.), to extend the law of perjury to include contradictory statements wilfully given under oath.

A Section spokesman appeared and testified before the Subcommittee on Improvements in the Federal Criminal Code of the Senate Judiciary Committee, and the Subcommittee on Traffic in Narcotics of the House Ways and Means Committee -- both studying the narcotic drug problem; and before the Senate-Interstate and Foreign Commerce Committee when it considered S. 950 (similar to H. R. 789, above) and S. 3018 (similar to H. R. 792, above). No other hearings on Section-sponsored legislation were held during the year and all the above-listed measures expired with the adjournment of the 84th Congress.

Regional Meetings

The Section participated in the Association's Deep South Regional Meeting at New Orleans, where it sponsored a half-day session on various aspects of criminal law enforcement, and in the Northeastern Regional Meeting at Hartford, where it presented an address by Judge Lumbard of the Second Circuit and a report on the Survey of the Administration of Criminal Justice by Bea A. Matthews, Esq., the Survey's consultant on courts.

Attorney General's Conference on Parole

A Section representative attended and participated in the National Conference on Parole, April 9-11, 1956, called by Attorney General Brownell to bring public officials and spokesmen for interested private organizations together for an exchange of views and a series of "workshop" sessions on this subject.

Works in Progress

The Section will of course go forward with its efforts to obtain consideration and passage of the federal legislation discussed above. It plans, tentatively, to arrange a full program for the Mid-Atlantic Regional Meeting at Baltimore this fall. It will continue to cooperate closely with the Survey of the Administration of Criminal Justice, the A. L. I. Model Penal Code project, the Traffic Court Program, and other undertakings in which it has a direct interest. It is still conducting an active campaign to increase its own membership among Association members. And it has a number of specific projects under way or in preparation, including the following:

1. A study and attempted evaluation of the limits of propriety in lawyers' counselling those engaged in illegal activities in the so-called organized crime categories, together with a study of the special professional responsibilities, if any, of lawyers holding public offices to which law-enforcement duties attach. (Committee on Lawyers and Organized Crime.)

2. An analysis of the rights of defense counsel in criminal cases with respect to discovery and disclosure of the prosecution's case. See, e. g., Fryer v. United States, 207 F. 2d 134. (Committee on Defense Procedure and Tactics.)

3. A study of recent developments in the law establishing tests for mental competency and insanity in criminal cases. See, e. g., Darhan v. United States, 214 F. 2d 862. (Committee on Prosecution Procedure and Tactics.)

4. Research on possible improvements in the federal tax laws in their application to the operation of illegal enterprises and the fruits of crime. (Committees on Taxation and Organized Crime.)

5. A review of legislation and enforcement policies governing the traffic in narcotic drugs. (Committee on Narcotics and Alcohol, and Joint American Bar-American Medical Association Committee on Narcotic Drugs.)

6. A study of the relationships between crime portrayal in various information and entertainment media and the actual incidence of crime and delinquency. (Committees on Crime Portrayal in Public Media and Juvenile Delinquency.)

7. An appraisal of possible changes in the kidnapping laws to prohibit or discourage the payment of ransom by those sought to be extorted in this type of crime. (Committees on Prosecution Procedure and Tactics and Organized Crime.)

8. A study of sanctions possibly available to enforce the control of atomic warfare and weapons. (Committee on International Criminal Law.)

9. An appraisal of the value and possible applicability of formalized procedures for the taking of confessions before magistrates or other public officers, as a protection for persons accused of crime. (Committee on Prosecution Procedure and Tactics.)

10. A campaign to improve relations between local law enforcement agencies and state and local bar organizations. (Committee on Police Training and Administration.)

As we approach the publication date of the book, I desire to call to your attention the list of Bureau personnel whom I feel should be commended by letter for the assistance which they gave in the preparation of the material and working on various phases of the book.

Special Agent James T. Murphy, Crime Records Section - Murphy was pretty much the wheel horse, was assigned to coordinating the various projects, and he worked on the book from the outset compiling research data, worked on its documentation and has handled himself exceedingly well. I consider that his efforts were outstanding.

Special Agent Gordon E. Malmfeldt, Crime Records Section - Malmfeldt has worked continuously on the book since mid-October of 1955. He did a large part of the original research as well as documentation. He has been exceedingly conscientious and was persistent in running down points seeking accuracy.

Special Agent William Pfeiffer - Pfeiffer is now assigned to the Special Chinese Language School. This assignment took place after the major portion of the book had been finished. His efforts were excellent in gathering and compiling research material and in checking it out.

Special Agent Dwight Dalbey, Training and Inspection Division - Dalbey handled the research material covering the portions on World War I and SIS material. His work was extremely thorough, detailed and accurate. His enthusiasm was excellent.

Special Agent [redacted], Training and Inspection Division - [redacted] a firearms instructor, was made available to assist in the original research when we were hard pressed to get the project started in the fall of 1955. He worked long hours and turned in an excellent performance.

Special Agent Fern C. Stukenbroeker, Crime Records Section - Stukenbroeker did a great deal of the original research work; however, his chief responsibility was in reviewing Whitehead's manuscript in the documentation work and in playing the role of a "devil's advocate." His contribution was invaluable. He carried on a major portion of the work on the index. Stukenbroeker is a purist so far as the use of the English language is concerned and he worked long hours and I consider his contribution outstanding.

Special Agent Russell S. Garner, Central Research, Domestic Intelligence Division - Garner did the research on the data concerning communism and espionage matters. He did an excellent job in condensing and surveying these voluminous files and in compiling outlines from which Whitehead worked. He did an outstanding job.

Special Agent Stanley M. Fuehrer, now assigned San Diego - Fuehrer, while assigned in the Central Research Section of the Domestic Intelligence Division, assisted Garner. His research was excellent and his performance was also excellent.

Special Agent William C. Sullivan, Central Research Section, Domestic Intelligence Division - Sullivan Supervised the efforts of Garner and Fuehrer. He aided me personally, particularly in chapters on communism and espionage and related matters. In addition, he read the manuscript in toto on at least two occasions and other portions he checked considerably. His work was outstanding. He has already been commended by the Director so a letter need not be sent to him at this time.

Special Agent George W. Gunn, Crime Records Section - Gunn, while not regularly assigned to this project, made an extremely valuable contribution with research which was used in the chapter on the smear campaign of 1940, the data on the Palmer raids and civil rights.

M. A. Jones, Chief of the Crime Records Section - Jones was most helpful throughout the entire project. He made available 3 of his supervisors who were utilized full time. Jones took up some of the slack. Jones also read the manuscript and was very helpful to

me personally. One letter should go to him for his own efforts and also on behalf of the entire Crime Records Section.

[redacted], Records Section - [redacted] was assigned to the project at the very beginning. She maintained the index of sources utilized, was of great assistance in locating material in Bureau files. Her work was so outstanding and her performance was so excellent that by separate memorandum she is being recommended to receive a meritorious award in addition to a letter of commendation.

[redacted], Records Section - [redacted] was assigned to this project from the Correlation Unit of the Records Section and she handled a large portion of the typing on the outline and final draft of the manuscript. She is neat and accurate. She worked long hours and her services were satisfactory.

[redacted], assigned Reading Room, Records and Communication Division - [redacted] was the proofreader. She maintained records on the documentation, footnotes, and she was very enthusiastic and took an unusual interest in the project and by separate memorandum she is being recommended to receive a meritorious award in addition to a letter of commendation.

b6

[redacted], Records Section - [redacted] was assigned to work on the project exclusively in the files section. Her background of the Bureau as well as her knowledge of procedures enabled her to locate data in both Bureau and Department files when we had very little to go on in the way of description. She put in long hours and her work was outstanding.

[redacted], Crime Records Section - [redacted] assisted materially throughout the entire course of the project. She helped in the typing and various other clerical functions which were involved in the project. Her services were excellent.

b6

[redacted], assigned Nichols' front office - [redacted] was of great assistance to various individuals who were working on the book. I did considerable cross checking and she helped me a great deal. Many nights she remained in the office helping out on matters which she was not able to do in view of the routine work of the office during the day.

This book turned out to be a much bigger project than I believe any of us ever realized when we started out. The help that we got from the various divisions and the interest taken by every Assistant Director was refreshing indeed. I would be derelict if I did not single out former Assistant Director E. D. Mason who doubled up and to my own certain knowledge took on certain additional burdens in the Training and Inspection Division in order to let Dalbey and Kirsch help us on the book. I think that Mason should be commended specifically for this. Mr. Mohr of the Administrative Division likewise was exceedingly helpful, particularly dealing with compiling figures, many of which we later did not use but which we needed to have and I think that Mr. Mohr should be commended for himself and his associates.

Mr. Parsons in the Laboratory was particularly helpful in the chapters dealing with the Laboratory and also in other related matters, and I think that Mr. Parsons' personal enthusiasm and industry would warrant a letter of commendation mentioning F. M. Miller who assisted in the research work for the chapter used on the Laboratory.

As pointed out at the very beginning, I recommend that letters of commendation to the above-mentioned individuals and if approved, they will be sent through individually with a cover memorandum telling the contribution of each.

I agree. T. 11/7

MEMORANDUM FOR MR. L. B. NICHOLS
MR. J. P. MOHR
MR. M. A. JONES

I have declined to approve the attached letter of commendation to Mr. [] a Supervisor in the Crime Records Section. While it may be that he has done a good job in handling the preparation of the Law Enforcement Bulletin, the fact remains that his over-all record leaves something to be desired, as is indicated by the serious administrative action taken against him recently when he was censured and placed on probation. The thing that I am most concerned about, however, is the lack of judgment used by Mr. Jones in preparing the attached memorandum recommending this letter of commendation wherein no mention at all is made of the fact [] is presently on probation. If Mr. Jones felt a letter of commendation was due [] for his work on the Law Enforcement Bulletin in spite of recent administrative action against him, most certainly the proper thing to do was to point up his recent dereliction and the fact he is on probation in order that this factor might be considered in arriving at a decision as to the advisability of commending [] at this time. b6

Likewise I am amazed at the lack of judgment on the part of Mr. Nichols and the personnel of the Administrative Division under Mr. Mohr in evaluating Mr. Jones' recommendation considering the circumstances. I appreciate the fact that the Administrative Division did attach a note indicating [] probationary status. However, this knowledge alone should have been sufficient to indicate the inadvisability of preparing such a letter.

Henceforth, I shall expect more forthrightness and a demonstration of better judgment in handling matters of this nature.

Very truly yours,

John Edgar Hoover

While driving home from the office last evening, I stopped for traffic ahead of me on Old Dominion Drive near Abingdon Street in North Arlington and a car driven by Henry Langstadt struck my car from the rear. This accident occurred at 8:10 PM. Langstadt's attention having been momentarily diverted by oncoming traffic, he was unable to stop before striking my car when he realized that my car was standing still. He was charged by Arlington police for following too closely. Mr. Mohr was thrown forward and struck his right knee against the dash of my car. He could walk, however, and said he thought it was only a bruise. However, since Mohr had commented coming home that he was not feeling well and had a chill, I flagged down a neighbor and arranged to have him taken home immediately. I talked to Mrs. Mohr last night and again this morning. He is still in bed and not feeling at all well and has not been on his feet. He feels, however, the knee is only bruised and not seriously injured. I suggested to Mrs. Mohr that they should not take chances with the knee and that it was desirable that as soon as he was able to get about to have the knee X-rayed.

I will be in touch with Mrs. Mohr and report any additional significant information.

Dear Mr. Hoover:

On Monday when I returned to duty from sick leave, I was very pleased to find in my office an autographed copy of the new book, "The FBI Story." The copy in my office had been autographed by the author, Don Whitehead, expressing appreciation for the small contribution I was able to make in connection with the book. Actually I considered it a great privilege to have anything to do with the preparation of the book and I found that the employees in the Administrative Division when called upon to help in the small way we could did so in a very magnificent manner.

What has impressed me more, however, is the terrific way in which this book appears to have been received by our employees and the public. I have not had a chance to read it completely as yet but I look forward to doing so with a great deal of anticipation. I also plan to send a copy of the book to my mother for Christmas and I know that she will treasure it.

Personally I feel that this book will do a great deal to enhance the prestige of the Bureau throughout the country and throughout the world. It has always been my feeling that such a book was urgently needed in the homes and libraries.

I would consider it a great honor and privilege if you would personally autograph my volume of this book.

Sincerely yours,

John P. Mohr

JOHN P. MOHR
Assistant Director
Administrative Division
Entered on duty October 2, 1939

These narrative comments are in justification and support of the OUTSTANDING performance rating for Mr. John P. Mohr, Assistant Director of the FBI's Administrative Division covering the rating period from April 1, 1956, through March 31, 1957. During this entire period Mr. Mohr has functioned in that capacity and his performance in every respect has been sufficiently above average to merit special recognition and commendation.

As Assistant Director of the Administrative Division, the incumbent has had direct executive, administrative and supervisory responsibility for all of this Bureau's operations pertaining to budget and fiscal matters, personnel management, property procurement and management, as well as a number of related operations. These responsibilities cover all of the Bureau's personnel and all of its installations both at headquarters and the fifty-two field offices throughout the territorial and continental United States and its foreign installations. His responsibility includes essential planning, keeping the Associate Director and the Director advised of all matters pertinent to the administration of the Bureau, representing the Administrative Division in the Executives Conference which discusses and recommends all policy matters for the Director's final approval; and he has had to represent the Director at numerous high level conferences, meetings and has performed highly delicate and confidential special assignments from time to time.

It is apparent that his responsibilities have an extremely close and vital connection with the over-all effectiveness of the Bureau in discharging its grave responsibilities. The varied and heavy pressures of this position, particularly when you consider the dynamic character of the Bureau's operations and the ever-changing nature of its responsibilities, demand an incumbent of rare talents of personality, leadership, dedication to his career, a high sense of loyalty and unquestioned devotion, a man of excellent health, vigor and vitality and an individual of broad experience and unusual knowledge, wisdom and understanding. In all of these respects Mr. Mohr has demonstrated throughout the rating period that he is a truly outstanding employee. His contributions to the Bureau's progress during the rating period have had a most beneficial effect on its efforts to discharge its responsibilities in a manner consistent with utmost regard for economy, streamlining and maximum efficient utilization of manpower. His work performance has been so exemplary in this regard that I sincerely feel that he has also made a significant contribution to the public service insofar as the work of the FBI is related thereto.

GENERAL

[] Personnel Officer of the Department, in a memorandum to the Director dated 4/8/57 referred to Departmental Circular No. 903 of the U. S. Civil Service Commission which provides for the designation of a coordinator for the employment of the physically handicapped. [] enclosed a copy of the circular and requested the Bureau to designate a coordinator whose identity should be furnished to the Department not later than 4/22/57. He explained that a coordinator has been designated for the Department and that an additional coordinator is to be designated for each bureau and large field establishment. [] explained that the level of the coordinator should be such as to insure full cooperation in this program.

The Civil Service circular referred to above set out the comments of the President made before the 1955 Annual meeting of the President's Committee on Employment of the Physically Handicapped. In summary, the President's statement pointed out that equal opportunity should be afforded physically handicapped persons and that there should be no discrimination against such individuals just as there should be no discrimination on the basis of race, color, religion, and so on. The President explained that many of the physically handicapped are anxious to fill their place in society and that the fact that such individuals may be minus a limb or one of his senses should not deter consideration for Government employment. The Civil Service bulletin set out the statistics regarding the percentage of physically handicapped persons employed in the Government and these figures reflect a downward trend in the employment of such individuals. The designation of coordinators in connection with this program is to insure full consideration of physically handicapped persons in selective placement. It will be the duty of the coordinator to insure full consideration of such persons in his own agency and to maintain liaison with other agencies in the fields of placement or rehabilitation. Such coordinating duties are to be handled along with the regular duties of the coordinator. As pointed out by [] in his memorandum, the Civil Service Commission requested that the level of the coordinator be such as to insure full cooperation in the program.

So far as the Bureau is concerned, the Director has always been insistent on fair and equal treatment of all applicants. Memo to Mohr

4/12/57

Re: Employment of the Physically Handicapped

In response to Commission's request to the Department, it is felt that the proper person to coordinate this program for the Bureau would be the Assistant Director of the Administrative Division. Since all Bureau employees are approved for appointive action at the Seat of Government, it is necessary for us to designate only one coordinator for the entire Bureau. It may be that meetings will be called from time-to-time in connection with the program and, for this reason, it is believed desirable that I, as the Bureau's Personnel Officer, be designated alternate coordinator to act in your absence.

We will continue to be particularly alert in the Applicant Recruitment Unit to give every possible consideration to physically handicapped persons seeking employment with the Bureau to insure that no such deserving person is overlooked. The Bureau presently maintains records of physically handicapped persons who are employed and this practice will be continued.

RECOMMENDATION:

It is recommended that the attached memorandum to ^{Edwards.} advising the Department of ^{note} your designation as the Bureau's coordinator and my designation as alternate coordinator in this matter be approved.

OUTSTANDING ANNUAL PERFORMANCE RATINGS

Transmitted for your approval are annual performance ratings for Mr. Nichols and Mr. Mohr covering the period from April 1, 1956, through March 31, 1957, rating their services OUTSTANDING. I have had these ratings prepared and have signed them as Rating Official because I am convinced that their individual performances during the rating period, particularly in view of the numerous continuing problems and heavy responsibilities which have confronted the Bureau, have been outstanding as contemplated by the Performance Rating Standards.

Should you agree, I respectfully request that you sign both the original and copy of each of these ratings on the line as Approving Officer. Thereafter, they must be transmitted to Deputy Attorney General Rogers in the Department for approval by the Efficiency Awards Committee of the Department. A transmittal letter for this purpose is attached.

Upon receipt of the Department's approval of these ratings, Mr. Nichols and Mr. Mohr will be entitled to be furnished a copy of their respective rating and they will be entitled to a cash incentive award under the provisions of the Incentive Awards Program. You are authorized under the delegation from the Attorney General to approve such an award up to \$500 and this is the customary amount for these two officials and I so recommend. Should you agree, the necessary check will be drawn and a letter prepared for your signature following return of the approved ratings from the Department.

I can't begin to tell you how pleased, delighted and appreciative I was to learn that you had approved an Outstanding efficiency rating for me for the efficiency rating year ending March 31, 1957. I am also deeply appreciative of the fact that you have approved a cash award for me in connection with this Outstanding rating.

It is always a pleasure to receive a tangible award but to me nothing gives me greater pleasure than the fact that you have approved the Outstanding efficiency rating because it means that however ineffective I may feel from time to time in connection with the performance of my duties, that you overlooked these imperfections and still felt that I was entitled to the award.

I regard this moment as the most important milestone in my career as a Bureau employee. As I have told you many times previously, I have always tremendously enjoyed my association and affiliation with the Bureau and the fact that I have been privileged to have such fine friends as you and Mr. Tolson.

Dear Mr. Mohr:

My attention has been called to a matter which was being very badly handled by the Administrative Division. New clerical employees having no housing problems were permitted to leave class before the close of business on the first day along with the group who had to locate housing. Certainly this was a slipshod procedure and you should have made corrective recommendations to insure against early dismissals where not warranted.

I shall expect you to be more alert to the existence of such weaknesses in the future and to take prompt, aggressive steps to have them corrected.

Very truly yours,
J. Edgar Hoover

With respect to the attached memorandum concerning the entry on duty of new clerks I think this matter has been very badly handled by the Administrative Division. Obviously, it is wrong to permit an employee to leave early on the first day of his entry on duty when that employee has no problem of any kind with respect to securing living quarters.

I recommend that a new schedule be prepared for these newly appointed clerks and that their time be fully occupied on the first day from 9 A. M. until 5:30 P. M. *and of course on the second day.*

I further recommend that the Training and Inspection Division be held responsible in the future for the entire orientation school for newly appointed employees.

I am advised that the orientation course extends to approximately two hours on the third day after entry on duty. In view of the fact that it has been possible for the Administrative Division to conclude their securing of filled out forms, etc., as early as 2:45 P. M. on the first day it is obvious that two days are sufficient for this orientation school and that it should not be extended over until the third day.

I recommend a letter of censure to Mr. Mohr for not having made appropriate recommendations to correct the situation which currently exists whereby those newly appointed employees who do not have housing problems are permitted to leave the Bureau on the first day from 2:45 PM to 3:45 PM.

Dear Mr. Hoover:

Mr. Tolson has told me in no uncertain terms of the inept way in which certain aspects of the National Academy Banquet were handled and specifically and clearly told me of my own shortcomings in connection with this function.

The matters that Mr. Tolson outlined certainly should have been anticipated by all of us and steps should have been taken to correct these defects. This could have been done by exercising a little foresight and certainly better planning. 67-122371-242

The over-all reaction that I have received from both Bureau people and outsiders was that the Banquet was a terrific success. For the most part many of these people were unaware of the defects in our planning and our defects only detracted from what could have been an otherwise perfect FBI function. I have already told Mr. Tolson that I am sorry that I let you down in connection with this matter and I want to assure you that I shall try to do better in the future. The criticism that Mr. Tolson gave me was certainly clear and specific and I will take corrective steps in the future.

I want to apologize to you for my failures and express the hope that the future will bring better results -- at least from me.

Sincerely,

John P. Mohr

between

The
OHIO
CASUALTY INSURANCE
COMPANY

of
HAMILTON, OHIO

and

.....John P. Mohr.....

The Ohio Casualty Insurance Company

HAMILTON, OHIO

SUPPLEMENTAL AGREEMENT I

A certain Bond, No. 674234, wherein John P. Mohr (Principal)
 of 858 South Ivy Street, Arlington, Virginia is Principal,
 (Street and number) (City) (State)
 in the amount of Five thousand and no/100ths (\$ 5,000.00) Dollars,
 in favor of Department of Justice, Federal Bureau of Investigation
 and dated on or about the 21st day of May, 1954 on which The Ohio
 Casualty Insurance Company, of Hamilton, Ohio, is Surety.

IN CONSIDERATION of the payment by the Principal of \$ 4.00 in advance, and \$ 4.00 on each anniversary of the effective date of this Agreement so long as this Agreement is in force, The Ohio Casualty Insurance Company, of Hamilton, Ohio (hereinafter called the Company), surety on that certain bond described above, does hereby agree with the Principal in said bond as follows:

Paragraph I That in the event any claim, demand, suit, action or other proceeding is made or brought under said bond for loss or damage arising out of an alleged breach of the conditions of said bond, the Company hereby agrees, subject to the conditions and limitations hereinafter set forth:

- A. To investigate all such claims or demands, of which the Company shall have notice as required herein.
- B. To defend, on behalf of the Principal, any suit, action or other proceeding brought to enforce such claims.
- C. To pay any sums not exceeding the amount specified in Paragraph II hereof, which the Principal has obligated himself to pay under said bond by reason of the liability imposed upon him by law on account of such claims, demands, suits, actions, or other proceedings.
- D. To waive any rights to be indemnified by, or to recover from, said Principal, any sums paid by the Company under said bond unless the amount of such sums exceeds the amount specified in Paragraph II of this Agreement.

Paragraph II The total liability of the Company under this Agreement is limited to the sum of Five thousand and no/100th (\$ 5,000.00) Dollars.

Paragraph III This Supplemental Agreement shall apply only to acts of the Principal occurring on or after the 21st day of May, 1954, and prior to the cancellation or termination of this Agreement or the bond as provided in Condition 9.

THIS AGREEMENT IS SUBJECT TO THE FOLLOWING CONDITIONS, WHICH SHALL BE CONDITIONS PRECEDENT TO ANY RECOVERY HEREUNDER:

1. That this agreement shall not apply to any claim, demand, action, suit or other proceeding which is predicated, in whole or in part, on

(a) The dishonest or fraudulent act of the Principal, or the dishonest or fraudulent act of the Principal's agents, deputies or employees, for which the Principal may be liable under the bond;

(b) The failure of said Principal to account for any moneys or funds, where such failure was due to the closing or insolvency of any bank or other depository, or to the suspension of payments by any bank or other depository;

(c) The act of any agent, deputy or employee of the Principal (other than a dishonest or fraudulent act of the agent, deputy or employee of said Principal for which the Principal may be liable under the bond, which are expressly excluded in subparagraph (a) of this Condition), or the happening of any casualty or event where the Principal holds valid and collectible indemnity, suretyship, insurance or other security under which he would be indemnified, insured or made secure on account of such loss caused by such agent, deputy or employee or through the happening of such casualty or event.

(d) Any act of the Principal, his agents, deputies or employees, which is not recoverable under the bond.

2. The Principal, on knowledge of any claim being made against him under the bond, and, if he is a certifying officer, on knowledge of any question being raised by the General Accounting Office concerning any voucher or account certified by him, and, if he is not a certifying officer, on knowledge that any question has been raised concerning any act or omission which might give rise to a claim under the bond, shall give written notice thereof within ten days to the Company or to its authorized agent.

3. If claim is made or suit is brought against the Principal, the Principal shall immediately forward to the Company every demand, notice, summons, or other process received by him or his representatives.

4. The Principal shall cooperate with the Company in facilitating the investigation and disposition of claims and suits, and, upon the Company's request, shall attend hearings and trials and shall assist in the conduct of suits, in making settlements, in securing and giving evidence, and in obtaining the attendance of witnesses; but the Principal shall not, except at his own cost and risk, voluntarily assume any liability or incur any expense or settle any claims without the written consent of the Company previously given.

5. In the event of any payment by the Company of loss or expense under this Agreement, the Company shall be subrogated to all of the Principal's rights of recovery therefor, and the Principal shall execute all papers required and shall do everything necessary to secure such rights.

6. Where the Company has made any payments of any loss, costs or expense, such payments, as between the Principal and the Company, shall be deemed payments in reduction of the Company's liability under said bond and this Agreement, and the terms of this Agreement shall be applicable only to any remainder.

7. Irrespective of the number of years that this Agreement is in force and the number of annual payments made therefor by the Principal, the aggregate amount of the Company's liability under this Agreement shall not exceed the amount set forth in Paragraph II of this Agreement, which amount shall be considered a part of, but not in addition to, the amount of the bond.

8. This Agreement shall be construed and interpreted as an agreement between the Principal and the Company for the purpose of determining as between themselves their respective rights and responsibilities under the bond, and shall not be deemed an agreement for the benefit of any third parties.

9. This Agreement shall apply only to acts occurring after the date hereof and prior to the expiration, termination or cancellation of the bond to which this Agreement is supplemental or prior to the cancellation or termination of this Agreement, whichever first occurs. The Company may cancel and terminate this agreement at any time by mailing cancellation notice to the Principal at the address given herein at least five (5) days prior to the date that said cancellation takes effect. The Principal may cancel and terminate this Agreement by like notice to the Company or by the surrender of this Agreement. If cancelled or terminated by the Company, the Company shall be entitled to the earned premium pro rata when determined. If cancelled or terminated by the Principal, the Company shall be entitled to the earned premium calculated on the basis of the usual short rate table.

10. This Agreement shall not apply to any claim, demand, suit, action or other proceeding which is not made or instituted within three years after the expiration of the Principal's term of office for which the bond was issued, or the cancellation or termination of this Agreement, whichever first occurs.

11. In the event the Principal aids or abets any person, firm, association or corporation in the making of any claim under said bond, or connives or is in collusion with any such person, or commits any fraudulent act causing a claim under the bond, this agreement shall be deemed null and void from the beginning.

12. This Agreement shall automatically terminate in the event of any default in the payment of the annual premiums hereinbefore specified in this Agreement, or in the event of any default in the payment of the premiums payable under the bond. The premiums payable under this Agreement are in addition to the premiums payable under the bond.

IN WITNESS WHEREOF, THE OHIO CASUALTY INSURANCE COMPANY has caused this Supplemental Agreement to be signed by its President and Secretary at Hamilton, Ohio, but the same shall not become effective until countersigned by a duly authorized agent of the Company.

OUTSTANDING ANNUAL PERFORMANCE RATINGS

There are attached for approval annual performance ratings for Messrs. Mohr and Parsons, covering the period from April 1, 1957, through March 31, 1958, rating their services as Outstanding. I have signed these ratings as the rating official, since I sincerely feel that the performances of these men during the rating period have been outstanding and in complete conformance to the performance rating standards covering Outstanding ratings.

JOHN P. MOHR
ASSISTANT DIRECTOR
ADMINISTRATIVE DIVISION
ENTERED ON DUTY OCTOBER 2, 1939

Set forth below are comments in justification and support of the Outstanding performance rating for Mr. John P. Mohr, Assistant Director of the FBI's Administrative Division, covering the period from April 1, 1957, through March 31, 1958. During the entire period Mr. Mohr has functioned in his present capacity, and his performance in every detail has been outstanding and meritorious of special recognition and commendation.

In his capacity as Assistant Director of the Administrative Division, he has direct supervisory, administrative and executive responsibilities for all Bureau operations concerning budget and fiscal matters, personnel management, property procurement and management, as well as many other related operations. His responsibilities cover the Bureau's entire personnel of approximately 14,000 employees, extending through all of its installations, both at Headquarters and in the 53 field offices throughout the territorial and continental United States, as well as its foreign installations. His responsibility covers vital and necessary planning, keeping the Director and the Associate Director currently apprised of all matters pertinent to the administration of the Bureau, and representing the Administrative Division in the Executives Conference which weighs and recommends major policy matters for the Director's final approval. In addition, he represents the Director at numerous high-level conferences and meetings, and on occasion performs highly delicate and confidential special assignments.

Mr. Mohr's heavy responsibilities obviously have a direct, important connection with the over-all success of the Bureau in the discharge of its monumental obligations. The constant changing and increasing of the Bureau's responsibilities require an official in the position occupied by Mr. Mohr to possess the highest possible qualities of leadership, personality, and extremely broad vision. Also he must be a man of dedication to his job, of unlimited vigor and vitality, and must have a most comprehensive knowledge and understanding of all the functions of the Bureau. Mr. Mohr has clearly demonstrated that he possesses the foregoing qualities to an outstanding degree. There is absolutely nothing to be

desired in his performance. He has added stature to his position, has enhanced the prestige of the Bureau, and has discharged his responsibilities in a manner befitting a highly placed Government official. He is a dedicated career employee who has made such outstanding contributions to the welfare of the Bureau, the Department of Justice, and to the Government service that he unquestionably deserves an Outstanding rating as a fitting reward for his meritorious performance.

I received your letter today advising me that you have approved an Outstanding efficiency rating for me, as well as an Incentive Award in the amount of \$500.

It was very kind of you to take this magnificent action in my behalf. I deeply appreciate it and I hope through my efforts in the future I can prove to you that I am worthy of your confidence and trust.

I would like to have thanked you personally. However, I realize how busy you are and how extensive your commitments are at this time. I feel it would be an imposition to take up your time during this very busy period.

While Mr. Nichols was in the Bureau he maintained the position of liaison between the Bureau and the American Bar Association, and specifically the Criminal Law Section. Mr. Nichols was active in the affairs of the American Bar Association and he attended the convention in 1956 in Dallas, Texas, and the convention in New York and London in 1957. At the present time Mr. Nichols holds the position of Secretary in the Criminal Law Section of the American Bar Association. He has indicated to me that in his present private employment he will no longer be able to devote his time and energy to the Criminal Law Section of the American Bar Association and that someone else in the Bureau ought to seriously consider taking over an active spot in the important Criminal Law Section. Rufus King, a practicing attorney in Washington, D. C., is Chairman of the Criminal Law Section. I know Rufus and he has associated in the practice of law in Washington with former Special Agent Downey Rice, who is also active in the Criminal Law Section. Assistant Secretary is Colonel Charles L. Decker of the Judge Advocate Generals Office. The Section Delegate to the House of Delegates is Arthur J. Freund of St. Louis, Missouri. Freund used to be a thorn in the side of the Bureau, but of recent years he has changed and has been friendly. James V. Bennett, Director of the Bureau of Prisons is Vice Chairman of the Criminal Law Section.

The American Bar Association will hold its 81st annual meeting on August 25 through 29, 1958, at Los Angeles, California. As of April 1, 1400 had registered to attend this meeting in Los Angeles, which is unprecedented. The Criminal Law Section plans to be active at the meeting in Los Angeles and three or four sessions are planned.

During 1957, Mr. Nichols was the only Bureau official who actively participated in any American Bar Association activity. During 1956 I attended the annual meeting at Dallas, Texas, with Mr. Nichols and the Director also approved the attendance of Special Agent Supervisors Herbert E. Hoxie of the Crime Records Section and Dwight J. Dalbey of the Training and Inspection Division.

Personally, I think the Bureau very definitely benefits by participating in the activities of the American Bar Association. I also think that the Bureau should exercise some influence in the Criminal Law Section of the American Bar Association, which, of course, is now dominated by Rufus King, who considers

himself as something of an authority in the field of narcotics, and, of course, devotes himself to the field of organized crime because of his association with Downey Rice, who was formerly of the Kefauver Committee. Jim Bennett, of course, in the Bureau of Prisons, has always been active in the Criminal Law Section and will continue to do so.

If Mr. Nichols resigns as Secretary of the Criminal Law Section, Colonel Charles L. Decker would move up to take over this position, which would leave a vacancy in the position of Assistant Secretary. Mr. Nichols feels that we should actively put forth a candidate for the position of Assistant Secretary in the Criminal Law Section and that he would be glad to help further this effort.

RECOMMENDATION:

I recommend that the Bureau be represented at the American Bar Association annual meeting in Los Angeles in August, 1958. I also think that the Bureau should seriously consider a candidate for the position of Assistant Secretary of the Criminal Law Section in the event Mr. Nichols resigns from his position of Secretary. I think it is important that definite plans for the August meeting be made now.

The Director received a letter dated May 12, 1958, from Mr. Nichols concerning the activities of the Criminal Law Section of the American Bar Association. Mr. Nichols apparently dictated this letter before he left for England where he was stationed and hospitalized on May 10, 1958.

Mr. Nichols attached a copy of a memorandum which Jim Bennett sent to Mr. Nichols outlining a program for the Criminal Law Section to be held at the ABA meeting in Los Angeles in August. The ABA will hold its 81st annual meeting in Los Angeles from August 25 to 29, 1958. Rufus King, a practicing attorney in Washington, D. C., is Chairman of the Criminal Law Section. James V. Bennett, Director of the Bureau of Prisons, is Vice Chairman. Mr. Nichols is Secretary and General Charles L. Decker is Assistant Secretary. Arthur J. Freund of St. Louis is Section Delegate to the House of Delegates of the ABA. Jim Bennett is also Chairman of the committee to work up the program for the Los Angeles meeting. The ABA and its various sections are controlled by the officers and in the ABA by the House of Delegates and in the sections by the councils. The rank and file members have little say in any of the affairs unless they are officers, a member of the House of Delegates or a member of a Section Council. To illustrate this, I have just received notice from the Secretary of the Criminal Law Section that the Committee on Juvenile Delinquency, which has as its Chairman Judge Gustav L. Schramm of Pittsburgh, Pennsylvania, was being transferred to a new section, Section of Family Law. Apparently, the decision to make this switch was made by the officers of the Criminal Law Section and the switch will become final if the Council approves the transfer during the Los Angeles meeting. In other words, the transfer of such a vital committee from the Criminal Law Section to the Section of Family Law will be accomplished without submitting the problem on the transfer for a vote of the members of the Criminal Law Section. In view of the transfer of the Juvenile Delinquency Committee to the Section of Family Law, I am making application for membership in the Section of Family Law, which incidentally has as its Chairman Godfrey L. Munter of Washington, D. C.

Mr. Nichols in his letter refers to Jim Bennett's proposed program in Los Angeles as a typical "snow job" and typical of his own approach. Mr. Nichols said he would endeavor to slow him up as much as he could and

Mr. Nichols had sent a letter to Rufus King suggesting a better-balanced program.

Mr. Bennett had proposed on Tuesday morning of August 26, the subject of "What is a Fair Trial?" be discussed, with one of the subheadings, "The Values and Dangers of Scientific Crime Detection Devices" with Sam Dash of the Pennsylvania Bar Association presenting his findings and conclusions. Mr. Nichols simply indicates his antipathy of Sam Dash.

There is attached a memorandum on Samuel Dash which reflects the results of a check of the Bureau's files and probably the worse thing that can be said of Samuel Dash is the fact that he has been conducting a survey of wiretapping for the Pennsylvania Bar Association financed by the Ford Foundation. Dash has contacted the Bureau in the past and has appeared to be not unfriendly. Dash's views on wiretapping are not unsound. He has expressed himself to the effect that he believes that wiretapping should be permitted by public officials only and under strict regulations. Of course, the question is what he means by "under strict regulations."

Bennett proposes for the program on Monday, August 25, at the Los Angeles meeting the subject "The Public Defender" with the Chief Justice as the suggested moderator. For Tuesday, August 26, as indicated, Bennett suggests as a subject "What is a Fair Trial?" with the moderator to be selected. The subheadings that Bennett suggests under "What is a Fair Trial?" are: (1) "The Values and Dangers of Scientific Crime Detection Devices," which he thinks Sam Dash should handle. (2) "What Price Conviction!" Under this subheading Bennett suggests a discussion should be had as to the limits to which an ethical prosecutor can go in obtaining conviction. He said it would include, presumably, discussion of entrapment, suppression of favorable evidence, jury selection, and appeals to emotion, use of informers, etc. (3) "What Price Acquittal!" Under this subheading would be discussed just how far counsel for the defense could go in securing acquittal, such as, what are legitimate courtroom tactics, use of various tricks to improperly influence the jury, fixed witnesses, phony insanity pleas, etc. (4) "Responsibility of News Media and Fair Trial." He said under this title could be discussed how far the news media should go in reporting the trial, whipping up public prejudices, etc. He refers specifically to the Roman Holiday that occurred in the papers in the Lana Turner case. He admits that this program for the second day needs further thought and the subjects to be covered depend somewhat on who could be obtained as speakers. He suggests the possibility of Congressman Emanuel Celler and Congressman Kenneth Keating, but looks with some misgivings on any possibility of using Judge Liebowitz, I

pressure because of the open stand that Liebowitz has taken about the treatment of criminals, particularly, juveniles. He also suggests the possibility of getting Senator Hennings and Congressman Pat Hillings of California and that possibly the hand of Arthur J. Freund might be helpful in whipping up this suggested program.

Bennett also has suggested a Criminal Law Section luncheon for Tuesday, August 26, and makes the observation that if the luncheon is held, not much of a meeting could follow because there would be insufficient time for a Tuesday afternoon session. He does suggest some possibility of discussing "Sentencing Problems and Procedures" and particularly the California system of sentencing, its virtues and shortcomings. Another topic would be "Institutional Treatment" with Bennett on the program, shared by Richard McGee, head of the California system. Another possibility he suggests is "Probation, Parole and Pardon." And, lastly, "The Development of Enlightened Community Attitudes Vis-A-Vis the Offender." He said what he had in mind in connection with this topic was an inspirational and broad-minded talk by some representative of the press or the mass media. He said a name that occurred to him as fulfilling this objective splendidly was Mr. Eric Johnston, head of the Motion Picture Association. *this would be a bad selection*

Mr. Bennett pointed out in his communication that copies have been sent to all of the officers of the section and members of the council in the hope that they would express their views to him, Bennett, and that the final program for Los Angeles could be decided during the regional meeting of the Bar Association to be held in St. Louis on June 11 through 13, 1958.

Mr. Nichols made his objections to Bennett's proposed program known in a letter to Rufus King dated May 12, as well as in a letter to Jim Bennett on the same date. Mr. Nichols in his letter to Rufus King stated the proposition very well when he said that he thought that if the Criminal Law Section is really to come to grips with the problem of coping with crime that more and more emphasis must be placed upon the fundamentals and that in recent years the trend has been definitely directed toward benefiting a defendant with the protection of the community being overlooked. Mr. Nichols in his letter to Jim Bennett makes it very clear that he believes the proposed program should be better balanced and that the program could be better if some of the real problems which hindered real justice could be brought into sharper focus.

Mr. Nichols in his letter to the Director expresses his firm conviction that the Bureau should be represented at the Los Angeles meeting of

the ABA and specifically the Criminal Law Section. Mr. Nichols points out the work that I did in Dallas when I attended the meeting there two years ago as well as the fine work that Special Agent Supervisors Herbert Hoxie and Dwight Dalbey did. Mr. Nichols concludes that he will endeavor to see what can be done to turn the program around and that if the Bureau would like to continue to be represented in the Criminal Law Section, Mr. Nichols should be advised so that he could help push the Bureau candidate. The Director has already approved my becoming active in the ABA work. With Mr. Nichols hospitalized with his heart ailment and faced with the prospect of several months of immobility, it does not appear that he will be able to do too much. If you agree, however, I intend to correspond with Mr. Nichols concerning this matter and to see what we can work out jointly. In the past, Mr. Nichols has indicated to me that he plans to resign his position as Secretary in which event General Decker would move up and Mr. Nichols could propose a Bureau representative for the position of Assistant Secretary. A Bureau representative as an officer, even Assistant Secretary, could have far more influence in the Criminal Law Section than a large number of members.

WOL
6/1
Mr. Nichols attached to his letter a communication received from Rufus King dated April 25, 1958. This letter indicated that Mr. Nichols had been in prior correspondence with King and of significance King points out that Arthur Freund was putting on a fine program at the St. Louis regional meeting on June 13, which will involve a discussion of recent Supreme Court cases affecting law enforcement. King said that Malcolm Anderson, Edward Bennett Williams and Virgil Peterson would participate. I think it might be a good idea if Dwight Dalbey and I could arrange to be in St. Louis on June 13 to attend this meeting. I would have to work out the details of attendance with Rufus King, since Virginia where I am a resident is not a part of the states included in the St. Louis region.

RECOMMENDATIONS:

1. It is suggested therefore that the attached letter go forward to Mr. Nichols at the Bethesda Hospital in Cincinnati and that he be advised that the Director agrees with his, Mr. Nichols', views concerning Jim Bennett's proposed program; the fact that it needs to be better balanced to present present-day problems facing criminal justice, and that Special Agent Supervisor Dwight Dalbey and I intend to attend the Association's meeting in Los Angeles. Further, that I intend to be in correspondence with Mr. Nichols personally concerning the Criminal Law Section of the ABA.

J.P.
MEMORANDUM FOR MR. MOHR
MR. NEASE

On June 22, 1958 an article appeared in the New York Times entitled "Juvenile Crime Rise Less Here Than in Other Cities of the State" by Harrison E. Salisbury. This article contained a tabulation attributed to the Bureau ranking cities of population 250,000 or more for Class 1 or serious offenses for 1957. It was stated that these figures provide a rate of incidence to each 1,000 of total population, based on the 1950 census.

It is now stated that this table was not prepared by the Bureau and that it is completely inaccurate, having been predicated upon an improper basis. I would like to know why this article was not analyzed upon its receipt by Mr. Mohr or Mr. Nease in order that my attention could be called to the inaccurate presentation together with recommendations as to whether any action should have been taken with respect to the inaccurate tabulation. It appears that Time Magazine "lifted" this tabulation from the New York Times as a result of which the Bureau has been subjected to severe criticism in connection with Uniform Crime reporting.

It further does not appear that this newspaper article was routed at any time to Mr. Leonard who has charge of the Uniform Crime reporting project. I would like to know why this was not done.

It is difficult for me to believe that high officials of the Bureau would handle a matter as important as this in such a routine manner without taking any steps of any kind to protect the Bureau's interests and I would like to be advised of the reason why such steps were not taken.

Very truly yours,

The Director in the attached memorandum of July 18, 1958, concerning the above-captioned subject stated he would like to know why this article was not analyzed upon its receipt and further, why the article was not routed to Mr. Leonard who is in charge of the Uniform Crime Reporting project and finally the reason why such steps were not taken. The Director's memorandum had attached the pertinent article and both are attached hereto. *J.P. Mohr*

The New York Times article was received in my office on July 1, 1958, according to time stamps appearing thereon and was initialed by Mr. Callahan for me in my absence on annual leave. Mr. Callahan states that upon noting the article and the fact that it was also checked to other officials, assumed that since it related to a newspaper release it would be appropriately handled by Mr. Nease's Division. He fully appreciates the falseness of this assumption and the further fact that he should have written Mr. Leonard's name below the block so that it would come to Mr. Leonard's attention before final filing. *G.A. Nease*

Mr. Callahan has no excuses to offer for his failure in this respect. He assures me, however, that he did not view this article in a routine manner at the time he initialed it bearing in mind the publicity that has accompanied the 1957 Uniform Crime Reports Bulletin and erroneously assumed that the press relations angle in connection with the article would have been promptly handled by the Records and Communications Division in coordination with Mr. Leonard. *Callahan* had other articles growing out of the Uniform Crime Reports Bulletins.

Mr. Callahan has been informed in no uncertain terms of the inept handling of this article and although he feels very badly about it, I cannot feel but that he is deserving of a most severe letter of censure.

RECOMMENDATION

It is recommended that Mr. Callahan receive a strong letter of censure pointing out his inept handling of the New York Times article of June 22nd.

Office Memorandum • UNITED STATES GOVERNMENT

The Director has reviewed my memorandum dated July 17, 1958, and has approved upon its receipt by my office and why it was not forwarded to Mr. Leonard.

Mr. Wick handled this article when it was received in my office. He advises that he well recalls this article and noted the erroneous conclusions drawn, the inaccurate reporting, plus the very flagrant practice of comparing city crime rates. He says he did not analyze it by memorandum or call it to Mr. McGuire's attention who was on my desk during my absence on annual leave, for the following reasons. Some weeks before the New York Times and the New Yorker Magazine had similarly taken a sentence out of context from the UCR in connection with persons under 18 years old being responsible for 47.2 per cent of all serious crimes. The New York Times completely distorted the picture. In this instance, here again was distortion from the same paper. Wick states that in his best judgment it would have been pointless and useless to write this paper to set them straight since it would do absolutely no good; that he classes them in the same category as the New York Post so far as trying to carry on meaningful correspondence. While it has no bearing on the error in this instance, even though a letter had been written to the New York Times, it is doubtful that it would have retarded the Time Magazine article since it is known that Time "lifted" the article and went to press the day it appeared in the New York Times (6-22-58). *at least should have been alerted & given opportunity to pass on it.*

Upon Wick's attention being called to the Time Magazine article, he immediately recognized the "lift" from the New York Times, he recalled the clipping, obtained it from Bureau files and furnished it to you as the basis for the Time Magazine article. He states that he felt the time was now proper to set the record straight.

Wick talked to Fred Gruta, News Editor, Time Magazine's Washington Bureau, on July 17 pointing out to him the grave errors in their June 30 and July 21 issues. Mr. Gruta readily admitted Time Magazine was wrong and would no doubt consider a retraction if Mr. Horner would write a letter clarifying wherein they were in error. Wick stated that Time "lifted" the New York Times piece the day it appeared without having their Washington Bureau check the accuracy of it. Wick stated that as they should have done.

Nease to Tolson memorandum

Mr. Wick tells me that he honestly believes it is pointless to get into any kind of a contest with a skunk -- namely the New York Times. He certainly has the best interests of the Bureau at heart, but in this instance he erred in judgment, in that he did not make opinions known to his superiors.

Insofar as the routing of this article is concerned, Mr. Wick does not recall whether the article had yet been in Mr. Mohr's office when he received it, but he did recognize the importance of it for future reference and indicated on the clipping that it should be filed after proper routing. In the Records and Communications Division, we follow the procedure of writing the name of other persons within this Division who should see such material beneath the routing block if it is not known they have a similar copy.

CONCLUSION:

why didn't Mohr's Division route the article to Leonard? I want to know. H.

In analyzing this matter, I am inclined to agree with Wick that it would probably have done no good to get into a paper war with the New York Times, but his handling of this matter was inadequate in two respects. He should have prepared a memorandum making his views known to you and the Director, and even though the Statistical Section is under another Division, he should have relied upon them to call the matter to Mr. Leonard's attention. This matter is being impressed upon all members of the Records and Communications Division to prevent a recurrence.

RECOMMENDATIONS:

1. That Mr. Wick be censured.
routing H. H. Leonard. Also Mohr for not routing H. H. Leonard.
 2. That I be censured for the failure of the Division.

Dear Mr. Mohr:

An article which appeared in the "New York Times" on June 22, 1958, improperly attributed a tabulation of certain crimes to the FBI. The tabulation in the news item was completely inaccurate and prompt consideration should have been given to possible Bureau action in the situation. Notwithstanding this, when the news item was received in the Administrative Division it was initialed without any apparent consideration regarding necessary action.

This matter was atrociously handled and although you were on leave at the time, you had the responsibility for properly training your subordinates to take care of matters of this nature in your absence. There was a definite failure of the Administrative Division to function adequately and I shall expect you to prevent any repetition.

Dear Mr. Mohr:

As a result of the inquiry recently made into the use of personally owned automobiles on official business, it has been ascertained that a definite weakness exists in the controls maintained at the Seat of Government. No check is made to determine the circumstances under which personally owned automobiles are used on official business.

Although cognizance is taken of the fact that you do personally discuss the matter of automobile economy with Special Agents in Charge, Assistant Special Agents in Charge, and before In-Service Classes, nevertheless this is not a satisfactory substitute for the sound administrative devices which are necessary for an operation of this magnitude.

In the future you will be expected to give more attention to this phase of the Bureau's work so that it will not be necessary to call similar weaknesses to your attention.

BACKGROUND:

In connection with the recent personnel inquiry in the New Orleans Office, the Director inquired, "I want to know how many Agents are being paid mileage for use of their own automobiles and how many have received such for over 60 days. The situation of the Agent in New Orleans leads me to believe we do not have as close controls as we should in such matters."

In response, the Administrative Division advised by memorandum dated 8/28/58 that a survey of expense accounts submitted by Bureau personnel covering the months of May, June, and July, 1958, disclosed that 219 Agents had used their personally owned automobiles on official business driving 90,265 miles and being reimbursed \$8,795.60. This includes travel on transfers.

Eighty-one of these Agents operated their cars on official business during two or more of the months covered by the survey. 60,170 miles were travelled. A total of \$5,808.40 was expended for reimbursement. The average per Agent per month for such reimbursement was \$21.12. The Administrative Division in referenced memorandum set forth the controls exercised. The Director observed that we did not have effective control and directed Inspector Malone to look into this project.

EXTENT OF TRAVEL BY PERSONALLY OWNED AUTOMOBILES

A survey of the fiscal years 1955 through 1958, inclusive, discloses that the percent of total mileage attributable to use of personally owned automobiles has steadily declined from 5.3% in 1955 to 2.2% in fiscal year 1958. These figures include travel on transfer of Agents and dependents.

No segregation of the travel on transfer is available without a re-audit of all such vouchers for the four-year period. Details are set forth in the schedule below:

<u>Fiscal Year</u>	<u>Mileage Bureau Cars</u>	<u>Mileage Personal Cars</u> *	<u>Total Mileage</u>	<u>% Personal Cars of Total Miles</u>	<u>Number Bureau Cars</u>
1955	31,736,905	1,795,354	33,532,259	5.3	2,867.6

1958	32,454,994	736,979	33,191,973	2.2	3,066.2

*Includes travel on transfer of Agents and dependents. No separate breakdown available.

AUTHORITY FOR GRANTING TRAVEL VIA PERSONALLY OWNED AUTOMOBILES

Authority is contained in Manual of Instructions, Part II, Section 2, page 4, which states in substance, the Special Agent in Charge may authorize use of personal automobiles for travel within the division of which he is Special Agent in Charge or to Washington, D. C., for In-Service and return. Use of personal automobile for travel outside the division is authorized by the Bureau.

The Manual contains no provision for approval of an SAC's use of his personal automobile.

Additional authority in specific cases of Bureau personnel for travelling to Quantico for lectures wherein reimbursement at 5¢ per mile is authorized is contained in Executive Conference Memorandum dated 5/2/56. This latter memorandum also points out that liaison Agents who drive their personally owned cars on liaison assignments in and around Washington, D. C., are reimbursed at 10¢ per mile. The Administrative Division memorandum of 8/28/58 discloses that such vouchers averaged approximately \$12.00 per month per Agent using his personally owned car. By memorandum 6/9/58 from Mr. Mohr to Mr. Tolson, in connection with parking spaces in the courtyard of the Justice Building, it was pointed out that due to limited space it was not possible to assign additional Bureau cars for use of liaison Agents nor was it possible to permit such Agents to park in the courtyard. No change is being recommended in the 5¢ per mile rate for lecturers at Quantico and no restriction, other than Division Head approval, is being recommended in the case of liaison Agents.

Memo for Mr. Tolson

CONTROLS

The only control over the use by an individual of a personally owned automobile on official business is the requirement of prior approval by the SAC or Division Head. The Administrative Division does not question the SAC's judgment in permitting individuals to use personally owned automobiles.

This is the definite weakness. Assistant Director Mohr, as the over-all Division Head, and Inspector N. P. Callahan, who is in direct charge of the Voucher Unit and the Property Management Unit, should have detected this weakness.

This is just what I suspected. H.

The Administrative Division prepares quarterly and annual automobile reports on the operation of Bureau cars and mileage paid for use of personal cars on official business. These reports are designed to detect rising costs by field offices. In addition, special reports are prepared for individual field offices at periodic intervals for the use of Assistant Director J. P. Mohr in discussions with SACs while in Washington and for use of Inspectors in conducting field inspections. A portion of these special reports is devoted to Agent travel by personally owned automobile and sets forth mileage and costs in the particular Division for three or four fiscal years. However, these reports do not contain any average for all field offices by which a comparison can be made.

The Administrative Division periodically issues SAC Letters directing the attention of the field to the necessity for full utilization of automotive equipment. The last such admonition to the field is contained in Section D of SAC Letter 55-70, dated 11/8/55, which generally covers the matter of economy. This letter contains the following quotation: "Bear in mind increased mileage allowance of 10¢ a mile is higher than cost of using Bureau cars which are presently operating at approximate cost of 6¢ a mile."

CONCLUSION

Definite weakness present in that no check made at Seat of Government on propriety of use of personally owned automobile by individual. This should have been detected by Assistant Director Mohr and/or Inspector N. P. Callahan.

This is definitely Mohr's responsibility. H.

Emergency situations arise necessitating the use of personally owned automobiles. There are also occasions when the use of a personally owned automobile is justified or to the Bureau's advantage; for example, in maintaining a surveillance or in the event there is a temporary shortage of Bureau automobiles in a field office. However, in every instance there should be a control, at the SOG.

Memo for Mr. Tolson

Comprehensive control to detect increases in total usage of personally owned automobiles in individual field offices presently in existence. However, reports do not contain basis for comparing individual office with over-all Bureau average.

RECOMMENDATIONS:

1. That prior Bureau authority be obtained before a personally owned automobile can be used for a period of more than 10 days.

2. For a period of less than 10 days, a memorandum of justification for use of personally owned automobiles on official business other than transfer should accompany every expense voucher claiming reimbursement for such travel. This should apply to SACs as well as other personnel. The justification memorandum should be personally approved in the field by the SAC or, in his absence, the ASAC, and at the Bureau by Assistant Director Mohr or Inspector N. P. Callahan.

One copy of the memorandum of justification should remain with the individual expense voucher. The second copy should be retained in the Property Management Section and correlated with the present reports on automotive equipment.

3. No change in the present 5¢ per mile allowance for lecturers travelling to Quantico. No further justification on such vouchers deemed necessary other than present statement that authority for travel approved by Division Head or SAC.

Memo for Mr. Tolson

4. No change in the present authority and no individual justification for use of personally owned automobiles by liaison Agents in Washington.

5. Reports of automotive operations presently prepared for Assistant Director Mohr and for Inspectors should be amplified to include over-all field figures for use of personally owned equipment in order that basis for comparison of individual office will be afforded.

6. There is attached for approval an SAC Letter advising the field of the necessity for submitting memoranda of justification with expense vouchers wherein mileage for travel by personally owned automobiles is claimed. Appropriate manual changes will be made.

7. Assistant Director J. P. Mohr should be censured for failure to detect the weakness in the handling of authorizations for use of personally owned cars on official business by individuals. If approved, this memorandum be returned to the Training and Inspection Division so that appropriate letter may be written to Mr. Mohr.

I certainly agree. I suspected that the report from Mohr was a "white-wash" of a deplorable situation. It is now proven that it is. X

Memo for Mr. Tolson

8. Inspector N. P. ~~Callahan~~, as over-all head of the Voucher Unit and Property Management Unit, should likewise be censured for failure to detect this weakness. If approved, this memorandum be returned to the Training and Inspection Division so that appropriate letter may be written to Mr. Callahan.

The Director has inquired as to why it took so long to answer Durham's letter of August 12.

This letter was received in my office at 3:14 p.m., Saturday, August 16. Mr. Leonard was with me at the office on that Saturday until quite late Saturday evening working on the California crime reporting situation, and I discussed referenced letter with Mr. Leonard Monday morning and promptly routed it to him for reply. The letter was received in the Statistical Section at 9:11 a.m. on Tuesday, August 19, and unfortunately, it is not possible to establish at this time the reason for this portion of the delay. Mr. Leonard prepared a reply on Tuesday, August 19 under date of August 20. In reviewing this mail that evening a correction was found necessary, and since the stenographic staff had departed the correction was made first thing Wednesday morning and the mail sent to my office.

b6

I reviewed the letter and did not agree with the wording of it and took it up with [redacted] in the Statistical Section at the close of our Thursday morning supervisor's conference, August 21 (Mr. Leonard was on annual leave that day). The letter was promptly rewritten in Mr. Leonard's office that same day and dated August 22.

It was recognized this piece of correspondence required very careful wording, and consequently, I conferred with Mr. Leonard's office on the matter more than is ordinarily done in order to make absolutely certain the reply we were preparing for the Director would cause no embarrassment. It is regretted that this was not more expeditiously handled.

SUBJECT: VISITS OF ASSISTANT DIRECTORS
AND NUMBER ONE MEN
TO THE NEW YORK OFFICE

By letter September 5, 1958, SAC Foster at New York suggested that each of the Bureau's Assistant Director's and their Number One Men visit the New York Office in the very near future at which time they would be given a complete briefing on the operation of the office in order to further integrate the activities of the office with those of the Bureau. He estimated that such a briefing would require six to seven hours. The Director approved this suggestion.

The following is a schedule for the various Assistant Directors and Number One Men:

9/15/58	Q. Tamm N. P. Callahan
9/16/58	A. H. Belmont J. A. Sizoo
9/19/58	A. Rosen C. A. Evans

9/25/58	J. J. McGuire I. W. Conrad
9/26/58	J. R. Malley
10/3/58	D. J. Parsons J. P. Mohr

Since the Identification Division has relatively little direct concern with the functioning and operation of the New York Office, it is not felt that it is necessary for Assistant Director Trotter or his Number One Man, Mr. A. K. Bowles, to go to New York for this briefing. Furthermore, it is not felt that Mr. Malone, the Number One Man of the Training and Inspection Division, need be scheduled for such a briefing.

Dear Mr. Hoover:

The New York Office has been receiving a great deal of help from the Administrative Division under Mr. Mohr's direction. As an example, we today received approval for the use of IBM equipment which will, I feel, materially aid us in the performance of the clerical aspects of our duties and in addition, enable us to better analyze our operation from an administrative standpoint on an almost daily basis. Also, Mr. A. E. Leonard has been able to help us in working out procedures in the handling of our time and attendance cards which will save us 20 hours of clerical time every two weeks.

There are many more things that are being done by the Administrative Division but these are two examples I thought you might be interested in.

Mr. John P. Mohr
Federal Bureau of Investigation

Dear Mr. Mohr:

In regard to the recent inspection of the Administrative Division conducted by Inspector J. F. Malone, the following observations are being brought to your attention for information and guidance. The Division was rated very good on physical condition and maintenance, pending work, administrative operations and personnel matters, and excellent on contacts and liaison.

Although space occupied by your Division was found to be generally in excellent condition, the Statistical Section is badly in need of renovating, except for the space occupied by the Automatic Data Processing Center. As soon as this Section is moved to the new space, you should take immediate steps to remedy this undesirable condition. The new space at 815 Pennsylvania Avenue, S. E., is quite satisfactory and you should continue to afford this matter your personal attention to insure that the best possible utilization is made of the space.

Your anticipation of reducing clerical personnel in the Statistical Section by eight to ten within the next six months, and from the present staff of 98 to 80 within one year because of streamlining and conversion to machine processes, is encouraging. You should submit periodic progress reports in regard to the status of this matter and every effort must be made to expedite the reduction.

You should make certain that you implement the corrective action recommended in regard to control over the use of personally owned automobiles in the field. A system of periodic checks designed to safeguard against relaxation of established controls should be initiated.

It is gratifying to learn of the close personal supervision you are affording the many important programs in your Division dealing with

Bureau funds, personnel and property. Because of the need for rigid economy, you will want to continue affording desirable emphasis to make still further commendable progress along these lines.

A survey of promotional policies reflects that Agent personnel in the Administrative Division are being promoted and retained satisfactorily. It has been noted, however, that no Agent has been made available by the Administrative Division to participate in the Permanent Inspector's Aide Program designed, in October, 1954, to afford training to potential Assistant Special Agents in Charge. Even though no instances were detected where any supervising had been placed over for advancement contrary to Bureau policy, you should continue to be alert for suitable candidates for consideration for the position of Assistant Special Agent in Charge.

The Inspection Staff reviewed the Incentive Award Program is receiving substantial supervision and care is being taken to insure that liberal interpretations are not being afforded the standards, thereby making them meaningless.

Although it was noted that the work of your Division was equitably shared by Agent personnel and that the requirements of the Fringe Benefit Law were met, you know of my concern over existing indications that all overtime is not essential and productive. You will be held personally responsible for any relaxation of the spirit or letter of the requirements concerning premium pay.

It was noted that production in the stenographic pool was below the average for other Divisions at the Dept of Government. It is realized that four of the five stenographers in this pool are new and constitute a major factor with respect to your low stenographic production record. However, it is expected that you will closely follow the training of these new employees to insure that Bureau production standards are attained at the earliest possible time.

The vacation records contained data which was no longer accurate or current. You should follow to insure that these records are maintained in an up-to-date status at all times.

Your Division is to be commended on accomplishments in the Health Service, particularly the Asian Flu Vaccine and the Salk Polio Vaccine Programs. The Inspector feels that the preventive nursing care and health education offered have contributed to the promotion of good morale in the Bureau.

Mr. John F. Mohr

You should continue to afford close supervision to the Bureau's new weight program, inaugurated on July 12, 1953. It has been noted that with the inception of this program, there has been a material increase in the number of Agents who fail to meet the new weight standards. I expect Agents to be in good physical condition at all times, and it is only by giving the program continuous attention that the number of Agent personnel who are overweight can be kept to a minimum.

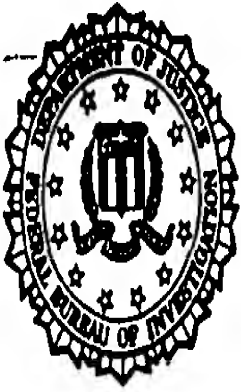

You know of my desire to regard to the tightening up of educational requirements of Special Agent applicants so that we will have only those employees who are fully qualified to cope with the many complexities of the position with the highest degree of efficiency. Our Special Agent Recruitment Program should be of such a high caliber as to result in obtaining the best available Agent material for the Bureau.

It is gratifying to know of the interest you and other members of the Division are taking in promoting close liaison with heads of governmental agencies and Congressional committees with whom the Bureau has dealings.

The various findings of the Inspection Staff have already been called to your attention. In this letter I have commented on some of the salient items. The observations brought to your attention during the course of the inspection should be carefully reviewed with your supervisory staff. Each phase of your operations must continue to receive detailed attention so that the highest achievements in terms of efficiency, economy and maximum utilization of manpower may be attained.

Sincerely yours,

John Edgar Hoover

With reference to your memorandum yesterday concerning the brief prepared in the Records and Communications Division on the Fred J. Cook article and the Director's notation appearing thereon, I should like for the Director and you to know that I, and those persons responsible for the preparation of the brief, are deeply concerned that it does not meet the standards you expected. Such shortcomings as may be noted resulted from a question of judgment and I can most sincerely state not from a lack of interest. It is respectfully requested that we be given the opportunity to clarify any defects in the brief and put it in such shape that it will meet every requirement.

As to the Director's inquiry "Just who handled the atrocious job in attempting to analyze the Nation article," aside from chapter 8 which was prepared by the Investigative Division, and chapter 9 by the Domestic Intelligence Division, this analysis was handled in the Crime Records Section. The bulk of the project was prepared by SA's Stukenbroeker, Hoxie and Gunn. However, in view of the scope of the project and the workload of the section, there are various other supervisors who assisted from time to time.

Concerning an index, this brief should, of course, have one and one is being prepared. In order to meet my deadline, the brief in its present form was sent to my office Friday evening and copies sent to Messrs. Belmont, Mohr and Sullivan for review and any suggested changes. At the time the brief was given to you, such suggestions had not been received. In discussing the matter with the persons involved, it was pointed out that they felt a complete index could not be prepared until the analysis was completed and any suggested changes made. Nevertheless, work was begun on an index yesterday morning prior to the time you spoke to me concerning the matter. At that time, I was not aware that the index was actually in progress.

As to the worthiness and usefulness of the over-all brief, we feel that it does its job in exposing Cook as a prevaricating character assassin and virtual intellectual prostitute and specific points of inaccuracies are set forth.

As to the Harry Brunette case, there is, of course, on hand and available much more data on this topic than is included in the brief. In order

to keep the brief in workable length each item or instance was separately evaluated for pertinence and proportionate space allowance. Chapter 6 of the article in which the Brunette case is dealt with, is entitled "A Question of Credit," the theme being that the Bureau hogs publicity. The Brunette case is one of a series mentioned and throughout the chapter we attempted to show the folly of Cook's statements. I do think, however, that the items dealt with in this chapter were perhaps briefed down too much and I find that this is the last chapter prepared and it was kept concise in order to meet my deadline on the brief. *It was valueless* ✓

In the analysis, we went behind the data Cook had taken from Lowenthal. This was done by extensively utilizing the mammoth analysis made of the Lowenthal book when it was published. In this way we found out where Lowenthal was wrong and hence Cook was wrong. We likewise checked independent sources such as: Bureau files, congressional hearings and "Congressional Record," books, magazines, Annual Reports of the Department of Justice, Appropriations Testimony, newspaper clippings, New York Times Index, statements and speeches by the Director, articles and books by the Director, Uniform Crime Reports bulletins, and FBI Law Enforcement Bulletins.

In addition, we utilized the full facilities of the Bureau, the Department of Justice, and the Congressional Library.

In conclusion, again I respectfully request the opportunity to complete this brief in a manner that will meet with the full approval of the Director and you. You may be assured that sufficient people will be assigned to this project to see that it is completed by the end of this week.

no. It was intended to be a complete analysis, available for use if necessary before a Congressional Com. It just was not properly handled. ✓

Mr. A was utterly negative - factually. The Nation came out on Oct. 18 or shortly less than 2 mos ago & if this material which has now come up reprints 2 mos of work it is a sad commentary on our St. A. I have asked

At Christmas time the Director was kind enough to personally autograph copies of his book, "Masters of Deceit," for my brothers. The result is that my brothers-in-law feel that they have been neglected and I would like at this time to present them copies of the Director's autographed book. I have obtained copies of the book and they are attached.

I would like to have the books personally autographed to [redacted] who is a civil engineer in San Francisco; *CA 11* [redacted], who is an employee of the Hercules Powder Company, Kingston, New York, and [redacted] who is a policeman with the Haverstraw, New York, Police Department.

I would appreciate it if the books were returned to me after they have been autographed.

FROM: M. A. JONES
SUBJECT: "THE FBI STORY" MOTION PICTURE
COMMENDATION MATTER

During the period from March 19, 1957, when the original conferences were held with representatives of Warner Brothers concerning the preparation of the script until the actual completion of "shooting" in December, 1958, Bureau employees in many divisions contributed materially to the success of this project.

Our original agreement with Warner Brothers called for us to have full control over the approval of people who would be intimately associated with this film. This included production personnel as well as actors and actresses. By this means, we were able to safeguard the Bureau from any potential embarrassment resulting from the employment of a security or criminal subject on our motion picture.

There is set forth a list of Bureau personnel who performed outstanding efforts in connection with handling this massive name-check project, as well as conducting highly important research tasks in connection with this project. It should be borne in mind that these namechecks were received from the Bureau's representatives assigned to the motion picture in Los Angeles and were handled on a 24-hour basis. The speed and efficiency with which these namechecks were handled made an indelible impression upon the top officials of Warner Brothers to whom the approval or disapproval of a participant in this motion picture was made.

File Review Section, Files and Communications Division:

Personnel of the File Review Unit of the Files and Communications Division who did outstanding work in connection with namecheck requests were: [redacted]

[redacted] to Inspector A. K. Bowles of the Identification Division, did magnificent work in connection with this project. In addition to the Bureau indices check, the Identification Division records were also checked on all actors and employees concerned with this motion picture. Needless to say, these checks were conducted on the basis of name only and with the sketchiest background data, and like the namechecks, a 24-hour deadline was involved. [redacted] worked extremely long hours and maintained her typically high degree of accuracy and proficiency in coordinating the work of the Identification Division in connection with the namecheck problem. It is felt that a letter of commendation should be directed to [redacted].

Crime Research Section:

Done

afb

It is felt that a letter of commendation to Mr. Milton A. Jones, Section Chief, Crime Research Section, should be approved, and in this letter, the personnel of this section should be generally commended for their over-all efforts in conducting research and name-check matters which contributed materially to the success of "The FBI Story."

b6

It is felt that individual letters of commendation should be directed to:

(1) SA [redacted] (currently of the Chicago Office) who performed ably on his exclusive assignment of handling namechecks here at the Bureau under the direction of SA Gordon E. Malmfeldt:

(2) SA Charles E. Moore, Jr., performed very ably in connection with the namechecks and research involved in connection with this motion picture.

(3) SA Alden C. McCray (presently Assistant Legal Attache, London) was extremely helpful in the planning stages of this motion picture when he accompanied the art director, unit manager, cameraman and chief electrician working on "The FBI Story" on a preproduction trip to locations at the Seat of Government, Quantico and New York City. He made many valuable suggestions which enabled appreciable increases to efficiency to be achieved in the actual production through his careful preplanning.

(4) The [redacted] and [redacted] of the Crime Research Section, on the basis of incoming communications from Los Angeles, prepared the lists of names to be checked in Bufiles and Identification records; dealt with the Service Unit; called the files and greatly assisted SAs Malmfeldt, [redacted] and Moore from a clerical capacity in connection with this very special project.

(5) [] handled all the expedite dictation in connection with these namechecks enabling the Bureau to adhere to the 24-hour deadline. Her work was of the highest caliber and certainly worthy of commendation in connection with this special project.

b6

Reading Room, Files and Communications Division:

[] of the Reading Room, Files and Communications Division, assisted SA Malmfeldt in reviewing files containing possible derogatory references in connection with the namechecks. According to Mr. Malmfeldt, she did an outstanding job and utilized a great deal of initiative in arriving at proper decisions in connection with these file reviews. It is felt that she should receive a letter of commendation.

Division Heads:

Letters of commendation should be directed to Assistant Directors John J. McGuire, Donald J. Parsons, C. Lester Trotter and John P. Firearms Staff, FBI Academy, Training and Inspection Division:

A letter should be addressed to SAC Henry L. Sloan and, through him, commendation should be rendered to the staff at Quantico who assisted so ably in connection with the portion of the motion picture filmed at that location.

It is felt a separate letter of commendation should be directed to SA George Zeiss III, Firearms Instructor, Quantico, who had a very lengthy and difficult speaking role in connection with the sequences at Quantico involving the surprise target course (Hogan's Alley).

Los Angeles Office:

A letter should be directed to SAC D. K. Brown of the Los Angeles Office expressing appreciation for the outstanding cooperation rendered by the Los Angeles Office in graciously and ably supplying Special Agent and clerical personnel for use in the motion picture, as

well as the fine services afforded to SAs James T. Murphy and E. C. Kemper on the part of the Los Angeles Office personnel in the conducting of namechecks and research projects.

A separate letter of commendation should be directed to SA [] of the Los Angeles Office. SA [] is that office's primary liaison representative with the motion picture industry and was of inestimable value to the Bureau's representatives working on the film in arranging introductions and greatly facilitating their work in connection with the motion picture. The Bureau's representatives were most impressed by the caliber of SA [] liaison efforts on behalf of the Bureau with the motion picture industry.

Dear Mrs. Mohr:

I have just been advised of your Mother's passing and hasten to extend to you my deepest sympathy in your great loss.

While there is a deep source of consolation in knowing that your Mother's suffering is at an end, I know what a great void her passing will leave. I hope, however, that it will be a comfort for you to know that your friends are sharing your sorrow with you in your hour of grief.

If there is anything I can do to be of assistance to you, I do hope you will let me know.

With kindest personal regards,

Sincerely,

Mr. John P. Mohr
Federal Bureau of Investigation
Washington, D. C.

Dear John:

Today you celebrate a key milestone in your Bureau career, your Twentieth Anniversary with the FBI. May I join your host of friends in extending my sincerest congratulations on this memorable occasion. In further recognition of this anniversary there is enclosed a Key which symbolizes your twenty years of loyal and faithful service.

When you reported for duty of office as a Special Agent on October 2, 1939, I am sure you hardly anticipated the tremendous responsibilities the Bureau would be required to assume during the next two decades. During that period our Nation has been involved in two wars and the Bureau has been called upon to face and overcome what appeared to be almost insurmountable challenges. Also, during this period we have grown in stature from a relatively small organization to one of great strength and prestige and today we can take pride in being associated with the foremost investigative agency in the world. From the inception of your career you have displayed fine talents of leadership and have been aggressive and forward-thinking. Your rise through the ranks of the Bureau to the position of Assistant Director, which you occupy today, has been the result of your outstanding ability and performance. I greatly appreciate your sound and penetrative thinking, your loyalty and devotion to duty. I am indeed grateful for the material contributions you have made to the progress of the Bureau.

I do hope we continue to have the benefit of your competent services for years to come.

With best wishes and kind regards,

Sincerely,

J. EDGAR HOOVER

[redacted] in the Department and [redacted] of the Department's United Givers' Fund (UGF) Campaign, by memorandum dated 8/21/59 requested that we immediately appoint a Chairman and Vice Chairman for the captioned campaign. [redacted] advised that the Attorney General has accepted an invitation from Secretary Neil McElroy, Chairman of the Governmental Unit, to serve as Chairman for the Department. It was pointed out that the Campaign officially opens on October 1, 1959, but in order to assure raising 100 per cent of the quota at the earliest possible date, solicitations in the Department would begin after the general meeting on September 17, 1959. The general meeting which [redacted] refers to is the kickoff rally which is held for all keymen of the Government each year at the Departmental Auditorium. [redacted] furnished copies of keymen enrollment forms (copy attached) and requested that they be executed and forwarded to the Department no later than August 26, 1959. b6

[redacted] for the Government Unit of the UGF Campaign, advised that it would not be necessary for the Bureau to have the enrollment forms executed inasmuch as we do the collecting on pledges. [redacted] stated that these forms are furnished to all Government agencies as a general proposition so that they could contact the keyman if there is any problem with regard to the keyman's collection of pledges. In this regard, [redacted] in the Department, was advised of [redacted] instructions. However, all divisions at the Seat of Government and the SAC at WFO have been contacted and requested to appoint a Division keyman to represent their respective divisions so that we will be able to get underway with the Bureau's campaign on September 17, 1959. [redacted] advised that it would be satisfactory to advise them of the Bureau's [redacted] Chairman and Vice Chairman on August 28, 1959. b7C

Inasmuch as you have served as Chairman for FBI UGF Campaigns in the past, it is felt that your name should be furnished as Chairman and Personnel Officer W. S. Tavel as Vice Chairman.

The UGF Quota Committee has not yet arrived at the Departmental quotas but you will be immediately advised as soon as they do so. With regard to the kickoff rally, September 17, 1959, we have not yet received an invitation for our keymen to attend. You will, of course, be kept fully advised with regard to pertinent matters relating to the forthcoming campaign.

With respect to the action the Director recently instructed be taken to designate Mr. Parsons and myself as Assistants to the Director, without change in grade or salary, to designate Mr. Callahan as Assistant Director of the Administrative Division and Mr. Malone as Assistant Director of the Training and Inspection Division, also without change in grade or salary, I want to advise that the necessary formalities have been completed.

Individual letters have been forwarded to the above-named officials advising them of their designations. Memorandum

TO: Mr. Callahan

DATE: February 1, 1960

FROM: C. R. Davidson *CRD*

SUBJECT: PERFORMANCE RATING BOARD OF REVIEW

Civil Service Commission (CSC) regulations require a Performance Rating Board of Review in each agency made up of a chairman, who is a representative of CSC; an agency member, representing the agency; and an employee member, who represents the employees, whose responsibility it is to hear any appeals on performance ratings given at the regular annual performance rating period. The agency representative as distinguished from the agency member is to represent the Bureau in presenting the Bureau's case to the Board of Review in the event a performance rating of an employee was appealed to this Board of Review at any time. Although this Board has been in existence for a considerable period of time we have not had any case before it. The purpose of this memorandum is to recommend that Assistant to the Director John P. Mohr be continued as the Department member on the Board and that Mr. C. R. Davidson replace Mr. W. S. Tavel as the Department (Bureau) representative on this Board since Mr. Davidson is now the Bureau's Personnel Officer having recently replaced Mr. Tavel.

b6 Current members of the Performance Rating Board of Review with the above-mentioned replacement would be:

Assistant to the Director John P. Mohr
 Assistant Director Quinn Tamm
 (Ident. Division)
 (Rec. & Comm.)
 Mr. C. R. Davidson (Pers. Officer)

Department Member
 Alternate Department Member
 Employee Member
 Alternate Employee Member
 Department Representative

RECOMMENDATION:

(1) That Personnel Officer C. R. Davidson be approved as the Department Representative on the Performance Rating Board of Review to replace Mr. W. S. Tavel. If you approve, an appropriate communication to CSC is attached.

(2) That Assistant to the Director John P. Mohr be continued as the Department Member on this Board of Review.

Dear Mr. Mohr:

In the recent past a memorandum concerning the reallocation of Special Agent [redacted] of the Newark Division contained an obvious error and you did not discover the mistake. Such errors reflect insufficient attention to pertinent detail and they must be eliminated.

I shall expect you to impress upon your subordinates the imperative need for the utmost accuracy in all official communications so that there will be no occasion to again call your attention to a delinquency of this type.

Very truly yours,

Cover sheet of brief of ASAC Handley's file dated 4/13/60 listed among the previous offices of assignment that Handley was designated ASAC at Miami on 1/5/59. This should have been Minneapolis and Mr. Tolson asked for an explanation for this error.

The brief in this instance was prepared by [redacted] the Assistant Clerical Supervisor in charge of the Personnel Briefing, SAC Memoranda and Agent Reallocation Unit. She cannot recall how the error occurred but it is probable that she misinterpreted an abbreviation of Minneapolis, thinking it was Miami. Although this is the second instance in which [redacted] has been responsible for an error of this nature, it can be said that over a period of years she has been one of the most reliable briefers in the unit. She is extremely regretful that the error occurred.

SA Supervisor L. L. Davidson approved this brief in the absence of the Unit Chief, who was on extended sick leave at the time. Mr. Davidson had no excuse whatsoever for failing to detect this error and indicated he is deeply sorry that erroneous information was furnished to Mr. Tolson and the Director in this instance. It might be noted that SA Davidson personally prepared a 21-page summary of the Chicago Office under the same date, to which the brief of ASAC Handley's file was attached. This summary reflected that Handley was assigned to Minneapolis and not to Miami. In fact, the entire summary was error free. Mr. Davidson has been under extreme pressure during recent weeks while handling all of the supervisory responsibilities of the unit in the absence of the Unit Head and has been endeavoring to handle all of the responsibilities expeditiously and competently. It is realized he slipped up in this instance and in the case involving the erroneous listing of SAC Simon in Newark when he had been transferred to Los Angeles. In the past his work has been unusually accurate and this matter has caused him great concern. He has given definite assurance that he will double his efforts to insure against errors in the future. With the return of SA Hereford from sick leave on Monday of this week, it is hoped that the situation will be corrected and there will not be any recurrences.

RECOMMENDATION:

That [redacted] and SA L. L. Davidson be censured for their responsibilities in connection with the error which occurred in the brief of ASAC Handley.

I have noted that a former office of assignment of Assistant Special Agent in Charge James L. Handley was set forth incorrectly in a brief dated April 15, 1960, which had been prepared for my use. You were remiss in failing to discover this error.

As you are aware, errors of this type must be eliminated and I shall expect you to take prompt steps to assure that summaries of personnel files are prepared more accurately in the future.

Memorandum

TO : Director, FBI

DATE: 7/13/60

FROM : SAC, Tampa (67-1)

SUBJECT: RECOMMENDATIONS FOR INCENTIVE AWARDS

The Tampa Office opened on 6/1/60. The Tampa Office, without a doubt, compares favorably with the best of other Bureau offices in all respects. The establishment of the office in Tampa has resulted in favorable divisionwide public and official reaction not only from the viewpoint of the appearance of the office but also from the viewpoint of the foresight in establishing an office in an area where the population growth has been the greatest in Florida, as proved by U. S. Census figures taken after decision made to open Tampa Office.

The entire operation in successfully setting up the Tampa Office was, I feel, the result of the individual and combined efforts of certain Bureau employees. The names and recommendations concerning each are the following:

1. Assistant to the Director JOHN P. MOHR

This Bureau official had the responsibility for selecting the location and site of the office. He visited Tampa and made a thorough, exhaustive and all-inclusive survey; he examined the space we presently have and which was offered due to a Government lease on same. The present space, which was unoccupied, did not meet our requirements; however, he was able to foresee and visualize that the space offered could be revamped to suit our requirements, and therefore he made the decision that the FBI take this space. His vision, foresight and direction in this matter resulted in the FBI's having our present efficiently utilized space and in enhancing FBI relations with GSA, since we were taking space on which rent was being paid with no occupancy.

The need for the office has proved itself in the first six weeks of operation based on work received and handled, and pending work assigned.

Recommendation: That Mr. MOHR be given an incentive award in the amount of \$300.00.

2. C. Q. SMITH, Supervisor, Administrative Division, SOG

This employee was responsible for the over-all planning of the new space and the setting up of the office. He, too, visited Tampa and, with Mr. MOHR, shared in the responsibility for making the important decision of utilizing poor space offered for FBI occupancy. His successful efforts in the entire operation from selection of space to opening of office indicate that the optimum results obtained would not have been possible except for his above-average ability in knowing space problems, his specialized attributes in knowing what can be done to improve space utilization, and the excellent liaison which he developed and maintains with GSA officials. Without any one of these factors, the end result would not have been so successfully attained. GSA officials are amazed at what can and has been done in setting up the Tampa Office, and I am sure this impression is not a passing but a lasting one, since it has completely revolutionized their thinking on space utilization. GSA, the housekeeper for the Government, is looking to the FBI for guidance, orientation, and ideas in space matters.

Recommendation: That Mr. C. Q. SMITH be given an Incentive Award in the amount of \$300.00.

3. [] Supervisor, Administrative Division, SOG

This official took a great personal interest in seeing to it that the proper type of equipment, furniture, supplies, etc., was ordered in sufficient time so as to be available and ready for use in Tampa on 6/1/60, the date of opening. In a number of instances it was necessary to give close followup to a number of items which were not immediately available to insure that they were shipped on time. The furniture is functional and practical; all the visitors who came to two Open Houses in June showed keen interest in our equipment and facilities and went away determined to incorporate some of these ideas into their own offices. For a considerable period prior to the opening of the office, [] sustained above-average performance in determining, ordering and following up the equipment, furniture and supply needs of the office, thus making it possible for the office to swing into operation on 6/1/60.

TP 67-1

Recommendation: That [] be given an Incentive Award in the amount of \$150.00.

4. S. BYE REEDER, Special Agent, Miami Division

This Agent deserves a great deal of credit in the planning and setting up of the Tampa Office. He devoted long hours of personal time in and was directly responsible for supervising the renovation and construction of the office layout. He placed into motion and reality the ideas passed on to him by Mr. MOHR and Mr. C. Q. SMITH plus some of his own ideas. He provided outstanding, sustained effort and performance in insuring that best utilization possible was made of the space available. He provided ideas and drawings for some built-ins, which have proven extremely practical, efficient, and will undoubtedly serve as models for efficient operation and utilization not only in other FBI offices but throughout the U.S. Government service generally, since GSA is "sold" on them. Some of the items referred to are: night clerk center, cabinets for agents' work boxes, specialized cabinets for gun and technical equipment vault. In short, he did an outstanding job in handling, supervising, motivating and implementing each and every phase of the creation of the Tampa Office, from taking over poor space to establishing an office with excellently utilized and presented space.

Recommendation: That SA REEDER be given an Incentive Award of \$500.00.

b6

5. [] Special Agent, Miami Division

This Agent made possible, through his sustained, above-average performance, long hours of personal time, and specialized abilities, the creation and construction of built-ins which have received much favorable comment from GSA officials, Bureau officials, and visitors in all walks of life. The Tampa Office is replete with all types of built-ins such as:

- Night clerk center
- Routing racks for mail
- Stands for cabinets
- Reception room partitions
- Cabinets for agents' work boxes
- Cabinets for agents' guns
- Agents' routing rack
- Cabinets for gun vault and technical equipment storage
- Bulletin boards
- and others

TP 67-1

b6

These were all built by SA [] Had it been necessary to have these built outside the Bureau, they would have been very expensive. Thousands of dollars were saved in this operation. GSA has been so impressed that they plan to adopt ideas for other U. S. Government offices not only from practical nature of built-ins but because of fact that they make best utilization of cubic footage in space.

Recommendation: That SA [] be given an incentive award of \$500.00.

By memorandum 7-13-60 SAC, Tampa, recommended incentive awards for Assistant to the Director John P. Mohr (\$300); SA Charles Q. Smith, Administrative Division (\$300); Supervising Supply Officer [redacted], Administrative Division (\$150); and SAs S. Bye/Reeder and [redacted], Miami Division (\$500 each) for their splendid contributions to the successful opening of the new Tampa Office.

Mr. Mohr had responsibility for selecting the location of the office and he, accompanied by SA Smith who is responsible for space matters, visited Tampa and made a thorough, exhaustive and all-inclusive survey and assisted in the over-all planning of the new space and setting up the office. SAC states that the splendid results would not have been possible except for the superior contributions of Mr. Mohr and SA Smith. He made particular reference to the excellent liaison which SA Smith developed and maintained with General Services Administration (GSA) officials. GSA officials have been amazed at what has been done in setting up the Tampa Office and SAC states that what was accomplished has completely revolutionized their thinking on space utilization.

[redacted] was responsible for the securing of the proper equipment, furniture, supplies, etc., and insuring that all equipment was available and ready for use when the office opened.  Re: Opening of Tampa Office
 Incentive Award Matter

SA [] made possible the creation and construction of built-ins for the new office which have received much favorable comment from GSA officials and other visitors to the office. He, together with SA Reeder, conceived ideas for various built-ins which he made on power tools at his home and which were shipped from Miami to the new Tampa Office disassembled. Upon arrival at the Tampa Office they were assembled in the space allotted. These built-ins included night clerk center, routing racks for mail, stands for cabinets, reception room partitions, cabinets for agents' work boxes and guns, agents' routing racks, cabinets for gun vault and technical equipment storage, bulletin boards, etc. He expended long hours of his personal time in completing this work. SAC states that had it been necessary to have this equipment built outside the Bureau it would have been most expensive. He states that thousands of dollars were saved in this operation and GSA has been so impressed they plan to adopt these ideas for other Government offices not only from the practical nature of the built-ins but because they make the best utilization of cubic footage of space.

BUREAU RECORDS:

SA Reeder EOD as SA 9-8-42 and is in grade GS 13, \$11,675. During last three years two commendations and one censure and on 7-16-59 he received an incentive award of \$200 for his outstanding services in devising detailed plans and drawings for the Tampa Office which at that time was going to be located in a new building which subsequently did not materialize, as well as for his excellent work in rearranging space within the Miami Office and his material contributions to the planning of the office space for the new Jacksonville Office. Rated Excellent on 1960 annual performance rating. Completely available. Weight within desirable limits and overtime above office average five of six months during the period January through June, 1960. (figures for July not yet available)

SA [] EOD 7-8-46 and is in grade GS 13, \$11,935. During past three years no censures, two commendations and commended once through his SAC. Rated Excellent on 1960 annual performance report. Completely available. Weight within desirable limits. Overtime above office average three of six months during period January through June, 1960 (figures for July not yet available).

Although the contributions of Mr. Mohr, SA Smith and [] were commendable, it is not felt that they are deserving of incentive awards since their contributions were made in connection with the discharge of their normal responsibilities. It does appear that SAs Reeder and [] are deserving of special recognition in the form of incentive awards for their over-all performance in connection with this matter and particularly their creative efforts in designing and constructing the built-ins. Based on approved tables for determining the amount of an incentive award their performance is considered to be of moderate value and broad application to the work of the Bureau entitling them to awards of from \$150 to \$300.

Dear Mohr:

I am taking this opportunity to express my sincere appreciation for the outstanding job you did in selecting the location for the Tampa Office and I am pleased to advise that in recognition thereof I have approved an incentive award for you in the amount of \$200.00. There is enclosed a check for \$154.00, which represents this award less withholding tax.

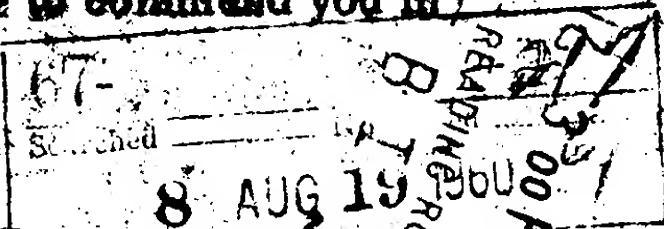

You exercised superior foresight and exceptional judgment in visualizing the possibilities of the space despite its appearance of being inadequate. Your extremely thorough and exhaustive survey resulted in a considerable monetary saving to the Bureau. You discharged your responsibilities in a superb manner and it is indeed a pleasure to commend you in this way.

It is noted that on July 5, 1960, three of the members exceeded the desirable weight limit, namely Messrs. Mohr, Parsons, and Tamm, each of whom is now within the limit. Messrs. Callahan and Ingram will be weighed upon their return from annual leave. However, it is noted that they were previously well within the desirable limits; thus, as of the last weighings, all members of the Executives Conference are now within the desirable limits. My dear Senator:

I am allowing Hon. James P. Mohr, of the F.B.I., a copy of this letter, and in realization of the busy schedule of both of you, kindly do not feel obligated to acknowledge this letter.

I interested myself as a volunteer in the matter of Elmer W. (Bill) Parrish because he was my friend and also because of the deep affection I hold for his brother-in-law, [redacted] the world's greatest Postmaster and nice guy.

On Tuesday, October 4, 1960, by the gracious efforts of [redacted] of your office, I was able to visit with James P. Mohr of the F.B.I. I came out of that conference with a higher regard for the Bureau, if that is possible, because of the straight forward cards-on-the-table manner in which I was received. The courtesy, candor and frankness of Mr. Mohr was refreshing and I understand exactly the Bureau's position in the matter. This, of itself, is, in my opinion, integrity of the finest, and exemplifies dedicated and devoted service.

Frankly, to express my personal appreciation to all with whom I was in contact in the matter is so inadequate.

With every good wish and highest personal regards, I remain

Dear John:

I certainly want to thank you for your very gracious letter of December 1 concerning the liaison party. I cannot help but feel that the assemblage of such a distinguished group of guests is a tribute not to any one individual, but rather to the FBI as an organization and to the people who are a part of it.

Your account of the comments of some of those in attendance was most enlightening, and I appreciate your interest in informing me of their remarks and reactions.

I can assure you that it was not a task to greet so many enthusiastic supporters of the Bureau, but a pleasure, and I look forward to future occasions when we can again greet our friends and associates under such amiable circumstances.

Dear Mr. Hoover:

It was a real pleasure to be invited to participate as one of your associates in the Liaison Party, which I thought was a tremendous success and tribute to you as the Director of the FBI. Certainly there is no one in Washington who could have congregated such a distinguished group at any one affair as yourself. I couldn't help but feel very proud to be a part of this great organization and to listen to the accolade of comments from the many people I met there. There were innumerable friends of yours who told me how well you looked and how pleased they were that you invited them to the party. I can't enumerate all of them who told me it was the best party they had ever attended. There were some that I met who were there for the first time who expressed amazement at the distinguished group who were at this party.

As I reported earlier, the Ambassador of Canada said it was "the very smoothest reception he had ever attended" and I had occasion to talk to [redacted] today on another matter and he spent most of the time telling me what a great reception it was and the fact that there were so many distinguished people from Washington at this reception. I also had occasion to talk to [redacted] several times at the party and to say the least he was amazed and astounded and was drinking only coca cola. I told him we knew he was coming and had hidden the piano. [redacted] called me this afternoon on another matter and his first words were "geez, that was quite a party you boys gave last night!" He expressed appreciation for being invited and said he had a grand time and, as usual, I got a smart quip from him when he

asked "who paid for it?" I explained to him that we all chipped in since during the year we are invited to parties from other agencies and it was no great chore to get the funds together to underwrite a party of our own. He thought that was a grand idea. There isn't any question but that the opportunity of the Bureau's contacts to meet you on such an occasion does the Bureau an immeasurable amount of good and it certainly makes the chore of all of us who do any contact work a great deal easier. I know that our friends at the Budget Bureau, General Services Administration, on the Hill and others who attended were extremely grateful for the fact that they were invited and are looking for opportunities to show their gratitude to you and to the Bureau.

On behalf of your associates in the Bureau, I want to express my appreciation for your taking time to undertake this very arduous chore and I know that it wasn't easy for you to spend almost two hours on your feet greeting and talking to people, many of whom were strangers to you and making all of them feel that you were giving the party just for them individually. As a host, no one could find one any more cordial and gracious than yourself.

Sincerely,

OUTSTANDING ANNUAL PERFORMANCE RATINGS

There are attached for approval annual performance ratings for Messrs. Parsons and Mohr, covering the period from April 1, 1960, through March 31, 1961, rating their services as Outstanding. I have signed the ratings as the rating official, since I sincerely feel that the performances of these men during the rating period has been outstanding and in complete conformance to the performance rating standards covering Outstanding ratings.

In the event you approve these ratings, I respectfully request that you sign both the original and copy of each of them, on the line, as Approving Officer. Thereafter they must be submitted to Deputy Attorney General Byron R. White in the Department for approval by the Efficiency Awards Committee. Upon approval of these ratings by the Efficiency Awards Committee, they will be returned to the Bureau and Messrs. Parsons and Mohr will be furnished copies of their ratings. They will also be entitled to cash incentive awards, under the provisions of the Incentive Awards Plan. You recall that that you have authorization under the delegation from the Attorney General to approve such awards up to \$500, which is the customary amount that has been approved for Assistant Directors and above. For officials below the level of Assistant Director, who are in grade GS-16 or above, it has been customary to approve awards of \$400. For those below grade GS-16, awards of \$300 have been approved.

Should you agree with the foregoing, these ratings will be forwarded to the Department for approval at such time as the Outstanding ratings on the Assistant Directors and Special Agents in Charge have been prepared and approved in the Bureau. When these ratings have been approved by the Department, necessary checks will be drawn and letters prepared for your signature.

RECOMMENDATION:

It is recommended that you, as Approving Officer, sign the original and copy of the Outstanding performance ratings for Messrs. Parsons and Mohr, and upon approval of ratings each be approved for incentive award of \$500.

The Director has asked why Inspector R. K. Moore failed to make a penetrative and full investigation of all allegations by [REDACTED] and [REDACTED] and why when Moore's report was received at headquarters these defects were not noted. The Director has also asked whether there were any other matters alleged by [REDACTED] that Moore did not look into.

b6

Inspector Moore's memorandum of 6-26-61 setting forth the reasons why he felt that it would be inadvisable to make any inquiries outside the Bureau regarding [REDACTED] allegation that SAC Grapp had been stopped for speeding is attached. Briefly, Inspector Moore points out that the other allegations which [REDACTED] had made against the SAC had been shown to be unfounded, SAC Grapp had denied that charge and his driver's license contained no notation of any citation for a speeding violation as required by law. Inspector Moore telephonically discussed the problem with Assistant to the Director Mohr at the time and recommended that the outside inquiry not be conducted. Mr. Mohr has advised that he concurred, particularly in view of the facts that SAC Grapp had denied the allegation and the other charges had been determined to be unfounded. Inspector Moore observes that he exercised his best judgment under the circumstances and pursued the course of action which he felt at the time was in the Bureau's best interest.

Following conclusion of his inquiry, Inspector Moore submitted a memorandum dated 2-7-61 (also attached) setting forth the results of his inquiry regarding [REDACTED] and recommending disciplinary action which was approved and taken. In this memorandum Inspector Moore set forth in the synopsis that no outside investigation was deemed advisable regarding the speeding complaint in view of the fact that the other allegations made by [REDACTED] had proven to be unfounded. In the details of this memorandum the basis for not conducting the outside investigation was set out in detail. You have advised.

that in view of the fact that it was the judgment of Inspector Moore who was on the scene and who had conducted the investigation that no outside inquiry be made in this instance, with special reliance on the facts that SAC Grapp had denied the charge and the other charges had been found to be unfounded, you concurred in the Inspector's judgment. Mr. Mohr has indicated that he concurred for the same reasons. Mr. Malone who is out of town today is being telephonically contacted for his explanation in this matter.

In answer to the Director's second question, Inspector Moore has advised that there were no other matters alleged by [] that the Inspector did not check into. Each time [] made an allegation against the SAC, [] was requested to reduce it to writing, which he did in each case including the speeding allegation, and in each instance the allegation was checked out by the Inspector.

Dear Mr. Mohr:

There was a complete lack of good judgment in the manner in which the Crime Records Division handled a request in January, 1961, from a young lady attending the Mississippi State College for Women for literature relating to communism. No discrimination was exercised in this instance and the correspondent was evidently sent everything that was readily available and in ridiculously large amounts. You share in the over-all responsibility for the unsatisfactory functioning of the Crime Records Division in this matter and, in addition, the outgoing communication to the student was approved in your office.

While I realize that you did not personally approve the dissemination of the literature in question in this case, I shall expect you to make certain that appropriate measures are taken without delay to prevent any similarly embarrassing occurrences in the future.

Very truly yours,

TO: DIRECTOR, FBI
 ATTENTION: ASSISTANT TO THE DIRECTOR J. P. MOHR
 FROM: SAC, BUTTE
 RE: SA [REDACTED]
 PERSONNEL MATTER

The following is being furnished to the Bureau to confirm the telephonic conversation held by ASAC PAUL C. YOUNG of this office and Inspector EUGENE W. WALSH of the Administrative Division at 9:45 a.m. 7/17/61.

On the morning of 7/17/61 SA [REDACTED], while engaged in conversation with ASAC YOUNG on other matters, commented he had received a long distance telephone call from SA [REDACTED] late Saturday evening 7/15/61. [REDACTED] appeared elated and told [REDACTED] he had interviewed an Agent who had resigned from Oklahoma City, which Agent had accompanied SAC GRAPP to the garage (presumably [REDACTED] garage). [REDACTED] stated he had obtained a seventeen-page signed statement from this Agent, which statement should prove that Inspector ROY MOORE's investigation at Oklahoma City was totally inadequate and which should corroborate the allegations made by [REDACTED] against SAC GRAPP relative to GRAPP's conduct and statements at instant garage. ASAC YOUNG attempted to elicit additional information from [REDACTED] along these lines, but [REDACTED] would make no additional comment. Inspector WALSH instructed that no further action should be taken by this office at this time relative to the above.

On the morning of 7/18/61 Supervisor THOMAS J. NALLY, Administrative Division, telephonically advised that Assistant to the Director J. P. MOHR requested SA [REDACTED] be recontacted to determine the identity of the ex-Agent interviewed by [REDACTED] who furnished the seventeen-page signed statement; whether [REDACTED] has furnished any affidavit or signed statement to SA [REDACTED] and, if so, would he furnish a copy of same to the Bureau.

SA [] was interviewed by ASAC YOUNG on 7/18/61 from 8:15 a.m. to 8:20 a.m., at which time he furnished the following information:

[] had called [] on 7/15/61 generally to see what was going on with [], whether his status had been affected in any way and to determine whether [] had completed the affidavit which he was preparing for []. [] emphatically denied knowing the identity of the ex-Agent who furnished [] the seventeen-page statement. He claimed [] did not tell him this Agent's name and he did not ask []. [] claimed he did not ask because this ex-Agent was one of about nine Agents who had resigned in the few months prior to [] arrival at Oklahoma City. This ex-Agent, however, was, according to [], the only Agent who was with SAC GRAPP at the time GRAPP had gotten into an alleged hassle with the owner of [] over the fact that the owner had refused to give GRAPP a discount on repairs to GRAPP's personal automobile. Also, [] mentioned that he had called the office of Senator JAVITS (New York) that day (7/15/61) and was informed, either by JAVITS himself or his secretary, [] is not sure which one, that Assistant Director DeLOACH had been there that day. [], however, did not tell [] the details of [] contact with Senator JAVITS nor the reason why Mr. DeLOACH had been there.

b6

b6

SA [] advised he has just completed a fourteen-page affidavit at the request of SA [], which will contain information to which [] will testify in the event he is called to do so at any hearing for []. SA [], when asked if he would make available to the Bureau a copy of this affidavit, stated that he would be glad to provide the copy providing the Bureau would give him guaranteed assurance that no administrative action would be taken against him for any statements or allegations which he has made therein. He pointed out the last time he furnished such a statement to the Bureau containing allegations against Bureau personnel, specifically SAC GRAPP, his statements were investigated and he was suspended and transferred. For his own protection he does not want this to happen again.

b6

ASAC YOUNG reminded [] he was still a Bureau employee and that it was his obligation to inform the Director of any information he had which might reflect in any way on

b6

BT #67-5216

V the administration of the Bureau and its personnel. Further, SA [] was reminded that in a recent interview with SAC BROWNELL he was asked to furnish a copy of any statement which he might prepare on behalf of []. Again SA [] stated that without assurances from the Bureau that no administrative action would be taken against him he would respectfully decline to furnish such a statement. SA [] advised that his statement to [] generally sets forth his problem with the Bureau and principally information which he has developed through hearsay and conversation with other Agents relative to the conduct of SAC GRAPP. [] states this is another reason why he declines to furnish a copy of the statement, that is, a lot of his information is hearsay which he has not proved through investigation and that as before such hearsay evidence could be used against him as possibly being unfounded. [] stated that his statement also contains the following:

b6

1. SA [] interview with Assistant to the Director J. P. MOHR, at which time Mr. MOHR had commented that he, too, was over weight; that Mr. MOHR had criticized [] for his low overtime for the four previous months and when [] attempted to absolve himself by stating he had not been furnished the kind of work, such as election law matters and civil rights matters, while at Mobile which normally cause high overtime, Mr. MOHR stated this was no excuse. Also, during their interview Mr. MOHR made the statement that [] was being sent to Oklahoma City where SAC GRAPP "knew how to handle hard noses from Buffalo."

b6

2. The affidavit contains details relative to Inspector ROY MOORE's investigation at Oklahoma City as known by [] and Inspector MOORE's interview with [] is pointing out in his affidavit that it appeared Inspector MOORE's mind had been made up prior to obtaining results of the interview with [] and that no matter what the outcome of this interview Inspector MOORE was going to suspend []. He mentioned that Inspector MOORE had two Department of Labor forms re notice of suspension, which Inspector MOORE left on the desk so [] could see them. This, according to [], indicated that Inspector MOORE was prejudiced and that the results of any interview would not be unbiased.

b6

3. The affidavit contains detailed information relative to the attitude and conduct of SAC GRAPP while assigned to the Oklahoma City Office toward SA [], SA [] and others.

b6

BT #67-5216

Specifically, [] identifies the Agent who was alone in the Agents Room with [] at the time SAC GRAPP made critical remarks re [] attitude. [] refused to identify this Agent, stating that he would later on if he, [], became involved in any type of hearing regarding himself.

SA [] again reiterated he would decline to furnish a copy of his affidavit unless the Bureau assured him he would not be severely reprimanded inasmuch as he had been suspended previously for making a statement which the Bureau later claimed contained unfounded allegations.

No further action will be taken by this office relative to the above information, UACB.

The purpose of this memorandum is to report information furnished 7-18-61 by ASAC Young, Butte, it being noted that on 7-17-61 Young telephoned stating that SA Butte, advised that he, , had received a long-distance telephone call from on the evening of 7-15-61. was elated. He claimed that he had interviewed a former Special Agent whom he did not identify, who had accompanied Grapp to the contract garage. Reportedly, obtained a 17-page, signed statement from this former Agent, "proving" Inspector R. K. Moore's investigation at the contract garage had been inadequate and corroborating the allegation made by against Grapp to the effect that in the past Grapp demanded discounts from , in connection with repairs on Grapp's personal automobile, such discounts having been demanded on the basis of Grapp's FBI position. It was assumed that the individual allegedly furnishing the signed statement was former SA resigned 6-16-60, who had responsibility for automotive maintenance at Oklahoma City in 1959 and 1960. As of 12-1-60 lived in St. Louis and it was approved 7-17-61 that the St. Louis Division be instructed to interview however, no such instruction has been sent out. As of 4-61 he moved to Minneapolis.

b6

On 7-18-61 ASAC Young recontacted in accordance with Bureau instruction to determine if could further identify the former Agent who allegedly furnished the statement to advised that he did not know this individual's name but added that the individual in question was present at the time Grapp had a "hassle" with over the demand for a discount. Further, mentioned that this former Agent had left Oklahoma City before reported there in the latter part of 1960. resigned 6-16-60.)

available to the Bureau a copy of the affidavit and he replied he would not unless the Bureau assured him that no disciplinary action would be taken because of information contained in the affidavit. [redacted] explained that during Inspector Moore's inquiry at Oklahoma City he furnished a memorandum setting forth his complaints against Grapp and as a result, disciplinary action was taken against him. He indicated that he did not want this to happen again.

ASAC Young reminded [redacted] that he was previously instructed to furnish a copy of any affidavit prepared by him in this matter and he was also reminded of his obligation as a Bureau employee. Nevertheless, [redacted] again declined to furnish the affidavit, restating his previous objection and pointing out that unless the Bureau would assure him that no administrative action would be taken, it would be necessary for the Bureau to get a copy of [redacted] affidavit from [redacted].

[redacted] was told by ASAC Young that no such assurance could be given him. It should be noted that even though [redacted] has declined at this point to furnish a copy of his affidavit, the Bureau will have an opportunity to examine it if the affidavit is used by [redacted] in an appeal to the Civil Service Commission.

J. P. X Mohr

b6

[redacted] generally discussed the contents of his affidavit with ASAC Young. Apparently he reiterated complaints made by him in the past against Grapp. He referred to his interview in January, 1961, with Mr. Mohr, charging that Mr. Mohr admitted to [redacted] that he, Mr. Mohr, was overweight, that Mr. Mohr unfairly criticized [redacted] for his low overtime in the four months preceding the interview and that Mr. Mohr told [redacted] that Grapp knew how to handle "hardnoses" from Buffalo. (Previously, Mr. Mohr denied telling [redacted] that he, Mr. Mohr, was overweight or using the term "hardnoses". [redacted] overtime for September, October, November and December, 1960, was below the office average and this was discussed with him.)

[redacted] further informed ASAC Young that his affidavit reflects that in his opinion the inquiry conducted by Inspector Moore at Oklahoma City was obviously prejudged, inasmuch as during the interview with [redacted], Inspector Moore had unemployment compensation forms before him and [redacted] assumed that he would be suspended for a second time. (The unemployment compensation forms were an issue listed by [redacted] He claimed that in his first suspension the notice regarding unemployment compensation was not sent to him by the Oklahoma City Office until the end of the suspension, when it was too late to apply for such benefits. Actually, [redacted] was not entitled to unemployment benefits because he did not meet a residence requirement in Oklahoma and his first suspension was "for cause".)

b6

2- Did Moore have such forms before him?
H

Memorandum to Mr. Callahan

Re: [redacted]

b6

In addition, [redacted] informed ASAC Young that [redacted] has retained an attorney. [redacted] declared that in a telephone call on 7-15-61 [redacted] indicated that he had contacted the office of Senator Javits and was informed that Mr. DeLoach had visited the Senator's office concerning this matter. [redacted] did not know if [redacted] had received any other information from the office of Javits. According to [redacted] [redacted] is soliciting assistance of former Agents separated from Oklahoma City. (Memo re such former Agents being prepared.)

b6

On 7-18-61 Grapp was contacted telephonically and he affirmed that former SA [redacted] was present on 11-20-59 at the time Grapp called at [redacted] to pick up his personal car. Grapp referred to his affidavit of 7-5-61, pointing out that he had been allowed a 15% discount (\$2.38) on parts. Grapp telephonically advised that he inquired of a mechanic if the discount should not be 20%, the discount allowed on Bureau cars. The garage employee replied in the negative and Grapp said he paid the bill, mentioning the matter briefly to [redacted] on the way out. Grapp recalled that he told [redacted] the small amount involved was deserving of no further consideration and he flatly declared that there was no type of harangue, hassle or ill feeling generated. He advised that [redacted] was also present at the time he had the butterfly valve adjusted on his car, at which time no charge was made for this service handled in a matter of a couple of minutes. [redacted] commented that no charge was being made of Grapp in view of his earlier experience when he was not allowed the 20% discount. Grapp said that he was also accompanied by [redacted] when he visited Trice Electronics, the subject of another of [redacted] allegations. According to Grapp, there was absolutely no reason why the Bureau could not interview [redacted].

COMMENTS AND RECOMMENDATION OF THE ADMINISTRATIVE DIVISION:

ASAC Young was instructed to submit a detailed account of his interview with [redacted] and this will be analyzed further when details are received. In view of the information now available concerning [redacted] a resident of Minneapolis, it is believed desirable to have him interviewed by a Bureau official. Therefore, it is recommended:

b6

That Inspector Edwards be authorized to interview [redacted] to verify whether he furnished an affidavit to [redacted] and if possible, to obtain from him a statement under oath.

Dear Mr. Mohr:

You demonstrated extremely poor judgment in concurring in the recommendation that an allegation made by Special Agent [redacted] against the Special Agent in Charge of the Oklahoma City Division not be fully and penetratively investigated. Under existing circumstances, you should have recognized the necessity of fully exploring the matter and the failure to do so has brought about most undesirable consequences.

There was no justification for the unwise decision which was reached in this instance and I shall expect you to afford more consideration to the Bureau's interests in any similar situations in the future.

On 8-29-61 and 8-30-61 I conducted individual interviews of each member of New Agents' Class #6 which entered on duty 6-12-61 to evaluate their appearance. Of the 48 class members interviewed, I am submitting separate memoranda setting out criticisms I had of 7 members of the class regarding their appearance or personality with appropriate recommendations for administrative action.

The class was divided into two groups with Counselors [redacted] and Sullivan each responsible for a specific group of agents constituting approximately half the class.

Briefly, of those agents for whom [redacted] was responsible, I criticized SA [redacted] because he needed a haircut. [redacted] stated he simply must have failed to recognize this and have it corrected. I pointed out that SA [redacted] is short (5'6") and does not have refined features. [redacted] agreed that [redacted] features are not particularly refined but stated that he had felt that [redacted] personality and apparent ability to handle the work compensated to some extent for his possible lack of refinement in appearance. I had criticized SA [redacted] since he had a very heavy head of hair which was worn rather long, bushy eyebrows, and an extremely heavy, dark beard. He looked like he needed a shave. [redacted] stated that he had pointed out in a report two weeks after the class entered on duty that [redacted] had a tendency to "5 o'clock shadow" but had not felt his hairstyle was unattractive. I told [redacted] that having recognized the problem of [redacted] beard, he should have followed to be sure that he was properly groomed and made the appearance of being clean-shaven. I criticized SA [redacted] on the basis that his features are homely and he was wearing a plaid suit at the time of the interview. [redacted] stated that he agreed that [redacted] was somewhat homely and felt that he had raised the issue in his six weeks' report when he stated that while [redacted] would not be considered handsome, he had a good appearance. I told [redacted] he should have been more specific in his characterization since to say that [redacted] was not handsome was an understatement, in

my opinion, and that he should have raised the issue of his facial features specifically since I noted that he had rather light eyes, full lips, and noticeably prominent ears. I also told [] he should have made certain that [] was more conservatively dressed. I criticized SA [] since [] has an extremely heavy, dark beard and at the time I interviewed him definitely needed a shave. [] also has a rather negative personality, says little, and it was necessary to draw him out during the interview. [] stated that he had pointed out in the six weeks' progress report that [] needed more drive, he had told [] so, and felt [] had made progress along this line. He stated [] had done well in practical case interviews.

Of those agents for whom SA Sullivan was responsible, I criticized SA [] since he has very prominent ears, pulls in his chin in a peculiar fashion, has deepset eyes, and a rather stiff and formal manner of speaking. Sullivan agreed that [] is a homely man and stated that in his two weeks' report he had pointed out that [] may not be described as handsome. He stated that in working with [] daily he had found him at ease and had not observed any formality and on an over-all basis his personality compensated for his appearance to the extent that he would be able to do a creditable job as an agent. I criticized SA [], since he is of rather slight build and the fact that he has a rather thin face, wears glasses, has upper dentures, a rather quiet, retiring manner, and gives the over-all impression that he is not as aggressive and strong as he should be. Sullivan stated that he agreed that [] was of slight build and pointed out that he had stated that [] did not appear aggressive and forceful enough in an early written evaluation of him. He stated [] was the only one in his group about whom he had any doubts and that his aggressiveness seemed to improve as training school progressed, he was excellent on paper work, and participated in good fashion in the practical case interviews.

b6

b6

Both Sullivan and [] were fully aware of their responsibility to evaluate the appearance and personality of the new agents under their supervision and stated that this had been pointed out to them by officials of the Training and Inspection Division. I told both of them that appearance was of paramount importance in evaluating new agents and that it was not enough for the man to be able to perform the work satisfactorily but that his appearance should also make him a creditable Bureau representative and that in those cases where some physical features were not correctable, that they should have specifically raised the question of suitability at an early date for the Bureau to resolve.

READING ROOM

Dear Mr. Mohr:

Defects in personal appearance and personality have been noted in a number of the new Special Agents presently undergoing training and it is obvious that proper supervision and guidance have not been afforded them since their entry on duty. There has been a definite failure on your part to properly supervise the training program of these men. This is shown by the lack of appropriate action with regard to the deficiencies found in some of the trainees.

Your dereliction in this instance was most serious and I shall expect you to make certain that necessary changes are made in the training program to correct the shortcomings which have been revealed.
